Woman, 64, Lost In Rapids Is Rescued

...Spends 2 Days, Nights On Colorado R. Banks

Moab, Utah (AP)—An elderly woman was rescued from the banks of the Colorado River by helicopter Tuesday, two days and nights after being swept through the dangerous rapids of Cataract Canyon.

Five veteran river-runners, including one of Moab's only two doctors, left in a heavy-black-rubber boat to search the river for her husband, Frank A. Rich, 64, of Lakewood Village, Calif. State Aeronautics Director Harlon Bement called off an air search late in the day because of high winds.

Aerial searchers reported spoting wreckage of the boat, and Mrs. Rich took this to mean that her husband was safe, too.

But her son, Dr. Delbert Rich of Cedar City, Utah, interrupted an interview to clarify the report.

"They just spotted the wreckage," Dr. Rich said. "It doesn't mean that my father has been found. It will be a very exhausting search starting at daylight tomorrow morning."

"I had just about given up . . . but I never lost faith," Mrs. Rich said after doctors determined that her injuries were limited to a bruise and exhaustion.

Mrs. Rich, her husband and their son and daughter-in-law, were thrown into the turbulent river Sunday morning.

Cabin Cruiser

The 4, in a 15-foot convertible-top cabin cruiser, were among 1,000 persons making a 200-mile boat trip down the Green River to the confluence of the Green and the Colorado, then up the Colorado to Moab.

They stopped to help a boat in trouble, then went downstream, by mistake, instead of upstream. Their craft upset in the rapids, 40 air miles southwest of Moab.

Dr. Delbert Rich, 41, managed to pull his 35-year-old wife, by the hair, to safety. An airplane spotted them, and a boat picked them up Monday afternoon.

The elder Mrs. Rich, who will be 65 Wednesday, told this story of her ordeal:

Current Too Strong

"The boat began filling with water. I could see Penny (her daughter-in-law) wasn't there. We worked desperately to get (the boat) out, but the current was just too strong.

"My husband and I began swimming, but we couldn't swim . . . we began washing downstream. (They both wore life preservers). I heard my husband say, 'Well, here we go.'

"The second big wave swept me to shore.

"I last saw my husband hanging onto the back of the boat as it was going down river. He told me not to panic."

Mrs. Rich said she didn't get hungry and began hiking.

"I hiked in very rough country, over rocks, sagebrush, through gulches and water. It was very cold."

She pointed to a bruised right leg: "This is the only injury I got . . . I slipped on the rocks."

Mrs. Rich said she followed in her son and daughter-in-law's footprints for a time, but lost them. Then she was able to see other pleasure boats making the turn from the Green River to the Colorado.

"I yelled and hollered, but they didn't hear me."

She said she saw search planes come over frustratingly high, and added:

"The one that saw me was real low."

Soviets' 'Treaty' Blasted

Germany Plan Said Like '19 Truce Pact

Geneva (AP)—The West accused the Soviet Union Tuesday of trying to impose on Germany a peace treaty on the harsh lines of the World War I settlement a Versailles.

French Foreign Minister Maurice Couve de Murville said it would "drive the German people to despair."

Andrei Gromyko, Moscow's top diplomat, countered with a proposal in the big 4 conference that the United States, Britain and France drop their drive to reunite Germany and accept a Soviet blueprint for a peace treaty with each of the German states, East and West.

Couve de Murville and British foreign Secretary Selwyn Lloyd led the western attack project.

'Imposed'

The British diplomat declared that the Communist draft "would have to be imposed" if it were to cover the 72 million Germans now divided by the Iron Curtain.

"What the Soviet government is doing in effect is to show that they wish to impose terms on Germany as was done at Versailles," Lloyd said.

"To suggest harnessing Germany in advance of reunification with imposed terms about which the German people have not been consulted holds out a most unhappy prospect. At any rate that is the lesson of history."

The Versailles Treaty, signed June 28, 1919, stripped Germany of hundreds of square miles of border territory and all its colonies, and provided for heavy reparations. The terms have been blamed for the rise of Hitler, who repudiated the treaty and reparations agreements after gaining power in 1934.

Condemned

Couve de Murville delivered a 30-minute condemnation of the Soviet plan in hard-hitting French.

"Such a treaty would do nothing to solve the problem (of Germany) facing us," he said. "It would do one thing only: Set the 4 powers' seal on the division of Germany."

Gromyko retorted coldly that the Western peace plan for a phased reunification of Germany would permit unlimited German rearmament. He said:

"It's slogan is, Germans go ahead and arm. This is not 1945 but 1959."

This Home Didn't Last Long

A family that apparently thought its home was reasonably permanent was broken up Tuesday when workmen removed the pine trees that had been set up by the stage on the Centennial Mall. Robins had built a nest in the tree, and there were 4 eggs. The nest was later installed in a mall elm on the northwest corner of 12th and O. There was no report on whether the robin family approved of the new location. **(Star Photo)**

Police Chief Carroll Warden Possibility

By Don Walton

The name of Lincoln Police Chief Joseph Carroll Tuesday entered speculation as to possible candidates for the vacated post of State Penitentiary warden.

Meanwhile, it was learned that two persons have already made formal application for the position.

C. V. Keller of Lincoln and Holt County Sheriff Leo Tomjack of O'Neill are the applicants.

The Board of Control has also requested a list of possible candidates from the Federal Bureau of Prisons, The Star learned.

Chief 18 Years

Carroll has been with the Lincoln Police Department for 29 years, having served as chief the past 18 years.

He is salaried at about $7,400 annually.

Carroll is a graduate of the FBI National Academy.

Born at Alma, he came to Lincoln in 1916 and later attended the University of Nebraska.

Carroll has served as secretary-treasurer of the Nebraska Police Officers Assn., for a number of years.

Democrat

He is a Democrat.

Keller served at the Men's Reformatory for 20 years, the last 5 as business manager and industrial superintendent. He was previously superintendent of the license plate factory.

Tomjack has been Holt County sheriff since 1953.

Previously mentioned as possible candidates are Statehouse Buildings and Grounds Supt. James Delehant, State Cigarette Tax Division Chief Frank Golden, and Nolan Ellandson, superintendent of the Kearney Boys Training School.

Joseph Bovey resigned as warden last Friday after a week of controversy over charges leveled at his administration by the governor's office.

Deputy John Greenholtz is acting warden.

$6,600 A Year

The position presently is salaried at $6,600 annually in addition to housing, food, fuel and light. The Board of Control will set the new warden's salary.

Gov. Ralph Brooks wrote Board Chairman Mrs. Catherine Martin Tuesday suggesting "the advisability of contacting the Federal Bureau of Prisons in your search for a warden at the Penitentiary."

Brooks pointed out that the Penitentiary, "like any successful establishment, should have as its chief administrative officer one who through training and experience has proven his right and ability to head such an organization."

The Bureau has already been contacted, board members said.

Lexington OKs School Issue

Lexington, Neb. (AP)—Lexington voters Tuesday approved a $897,000 school bond issue.

The money will be used for a new high school with 23 class rooms and laboratories, a cafeteria and a combination gym and auditorium and for a 4 classroom addition to an elementary school.

The vote was 816 for the issue and 573 against, a favorable margin of 59%.

Bess' Tumor Benign

No Malignancy Found After Operation

Kansas City (AP)—The breast tumor removed from Mrs. Harry S. Truman was benign, Research Hospital announced Tuesday.

The 74-year-old wife of the former President underwent a two hour and 45 minute operation Monday.

Truman was not at the hospital when the announcement was made. Msgr. L. Curtis Tiernan, a longtime friend of the family who was visiting in Mrs. Truman's room was asked to relay the good news to her.

"Thank God," he quoted Mrs. Truman as saying. "I did not want to go through the rest of my life having people feel sorry for me."

Hospital authorities reached Truman a few minutes later and relayed the findings to him.

A pathologist defined the tumor as an unusual type known as a benign myxomay.

A hospital spokesman said the staff patholigst reported after a series of thorough studies it had been determined there is no malignancy.

The spokesman said the pathologist had replied in the negative when asked if there would be a need for further studies.

Mrs. Truman was reported making progress in recovery and much pleased over the news she had a second grandson.

It was the second bit of good news for the former President and his wife Tuesday.

Their daughter Margaret—Mrs. Clifton Daniel — gave birth to her second son in New York Tuesday morning.

Motor Scooter Driving Bill Survives Kill Try

By Betty Person

A bill allowing 14 to 16-year-olds to drive motor scooters after passing a rigid test survived a motion to kill by two votes in the Legislature Tuesday.

LB584, introduced by Sens. David Tews of Norfolk, Stan Portsche of Lincoln and John Munnelly of Omaha, was the subject of considerable parliamentary maneuvering throughout much of Tuesday's legislative session.

Scheduled for final passage, the measure was returned to select file during the morning session for the purpose of striking the enacting clause.

This came on a motion from Sens. Sam Klaver of Omaha, Edwin McHugh of Murdock, Joe Vosoba of Wilber, Arnold Ruhnke of Plymouth, Arthur Swanson of Holdrege, Dale Erlewine of Grant and Harold Stryker of Rising City, which was approved 23-17.

'Protect Children'

Klaver, leading the floor fight to kill the bill, urged its demise to protect children from being killed. He said the measure was opposed by the National Safety Council, and also read a letter from the secretary of Children's Hospital at Omaha who urged that the bill be killed.

When the bill was taken up on select file in the afternoon session, Klaver's motion to strike the enacting clause failed on a 19-21 vote, after Tews offered an amendment to restrict the scooter driving for this age group to transportation to and from school and in connection with duties pertaining to work.

Sen. Tews then moved to have the bill returned to general file for his proposed amendment and the measure is now slated for discussion again Wednesday.

Firm Cited

During debate Tuesday, Sen. Portsche noted that Cushman Motor Works of Lincoln is the nation's major manufacturer of motor scooters, that the company employs 900 persons with an annual payroll of $4,300,000 and pays $93,000 in taxes.

He and Sen. Tews argued that provisions in the bill would require that the teenagers must be trained in handling the vehicles before they could be allowed to use them, and that it would provide good training for future use of automobiles.

Sen. Tews also noted that the description of motor vehicles under LB64 includes motor scooters which means youngsters in rural areas would be allowed to drive them but not city youngsters unless LB584 is passed.

In other action Tuesday, an embattled LB157, pertaining to brand area requirements in Boone County, went through the amendment mill again but action was inconclusive because the bill was held over for further study.

UMBRELLAS ARE BACK IN STYLE

Raincoat weather is forecast for eastern Nebraska residents Wednesday.

A cold front moving southward across the state is expected to set off widely scattered thunderstorms in the extreme southeast Wednesday. The rest of the state will have partly cloudy skies.

A series of scattered but heavy thunderclouds in southeastern Nebraska Tuesday night brought an inch of rain to Humboldt and lesser amounts to Table Rock and Pawnee City.

An unconfirmed tornado cloud was reported near Ashland but disappeared without doing any damage. Most storm areas reported brilliant displays of lightning but little rain.

Cooler temperatures will accompany the rain as temperatures will range from the 50s in the northwest to the 70s in the extreme southeast.

Lincoln's temperature soared to a state high of 83 Tuesday while Chadron reported a low of 39.

Veto Action Seen

House Plunges Into Housing Legislation

Washington (AP)—Warnings of inflation, a 10-cent dollar and a presidential veto were sounded Tuesday as the House plunged into its annual battle over new housing legislation.

Final voting will not begin until Wednesday.

Debate over a big $2,100,000,000 Democratic-backed Housing measure got under way with the Eisenhower administration coming out in favor of a $1,300,000,000 substitute sponsored by a southern Democrat, Rep. A. S. Herlong of Florida.

Defeat of the Herlong substitute was predicted by speaker of the House Sam Rayburn (D-Tex), who lined up his big Democratic majority behind the bill drafted by Rep. Albert Rains (D-Ala) and approved by the House Banking Committee.

'Vote Down'

"I think we'll vote down the Herlong substitute and then go ahead with the committee bill," Rayburn told newsmen.

One result of this choice between two bills could be no housing legislation at all. This possibility was conceded by Rayburn when he called for immediate defeat of Herlong's proposals.

Under existing parliamentary procedure, the House could wind up in the position of having to accept or reject the committee program without change. In that event, which seems entirely probable, it is expected the House would vote to kill the bill or for a fresh start.

The federal housing administrator, Norman P. Mason, came out in favor of Herlong's limited housing program, just before the bill was called up after weeks of delay occasioned by Rules Committee refusal to permit the bill to come to the floor.

Apparently abandoning hope of winning House approval of Eisenhower's original $1,600,000,000 program, Mason said Herlong's proposals provided for adequate housing and slum elimination programs without excessive cost to the taxpayer.

Board Okays Help On Site For Missiles

The Lancaster County Board Tuesday passed a resolution stating it will "co-operate in the institution of condemnation proceedings" needed for construction of a Nike missile site northeast of Agnew.

An Army Corps of Engineers representative from Omaha, Darrell J. Stark, appeared before the Board and requested passage of the resolution. He noted, however, that all actual condemnation will be done by the federal government, and the county will not take part.

The site is located about 4 miles east and two miles north of Agnew in northwest Lancaster County.

The Board asked Stark to keep Lancaster County Engineer Louis Weaver informed of progress on the missile site.

Stark said the site land has not yet been acquired but that the government is in the process of getting it. He said construction of the site is expected to begin in the near future, but did not elaborate.

The Army proposes to permanently close about a half-mile of county road at the construction site and pave the road from Agnew to the site, Stark said.

'Pioneer Housing' To Incorporate To Promote Senior Citizen Unit

By Nancy Ray

Articles of incorporation for the Pioneer Housing Corp., a Lincoln non-profit cooperative apartment building promotional organization, will be filed with the Secretary of State Wednesday.

The corporation, formed to promote a downtown apartment building to be built and financed on a cooperative basis primarily by Lincoln's senior citizens, was the subject of an open meeting Tuesday night.

W. A. Rosene, retired school administrator and member of the group's executive committee, announced that membership in the sponsoring group was open to Lincolnites for a $25 fee. More than 30 signed up at the Tuesday meeting.

Membership in the sponsoring corporation does not assure the member of an apartment in the proposed downtown building, he explained, but it gives each member voting power to help in site selection, building size, and other planning.

A second corporation for occupants only will be formed before construction is started.

Architect Kenneth Clark reported to the group that downtown sites are overpriced in general, and that a more definite apartment plan cannot be drawn up until the number of occupants and size of units is decided upon.

General plans for a 100-apartment, 12-story building designed for a downtown location received tentative approval from the Federal Housing Administration authorities in Omaha, he said.

FHA Men Attend

Two FHA officials attending the Tuesday meeting reviewed FHA methods of guaranteeing mortgages on cooperative housing projects. Russell M. Bailey, regional director, said that a 40-year mortgage guarantee for 90% of the replacement value of the structure would probably be available to the group.

The structure is planned as a management-operated building with occupants gaining equity in the building with monthly payments. Occupants would have lifetime occupancy rights, and the right to sell their equity with the approval of members.

As planned at present apartments costs would be approximately $75 monthly for efficiency units, $95 for one-bedroom units and $115 for 2-bedroom units. Initial payment for a lifetime lease would be approximately $1,500.

Contracts Urged

Persons interested in joining the sponsoring corporation or in occupying apartments in the proposed building were urged to contact Miss Selma Hult, executive board member.

Other executive board members besides Miss Hult and Rosene are Gaylord Blanc, Mrs. Velma W. Hodder, Dr. Janet Palmer and Mrs. Irene Dunigan.

Occupancy in the building will be restricted to persons over 45 with sufficient income to qualify under FHA standards.

Lincoln Mental Health Clinic Feasible, Desirable—Dr. Krush

By Charles Beal

A mental health clinic for Lincoln is not only feasible but extremely desirable, a psychiatrist told a public gathering at Millard Lefler School Auditorium.

The opinion was expressed by Dr. Thaddeus P. Krush of The Nebraska Psychiatric Institute in Omaha during the first of a series of public meetings sponsored by the Community Council and the Lancaster County Association for Mental Health.

Dr. Krush described a study of 14 southeastern Nebraska counties with a combined population of some 320,000, wherein it was predicted that at least 32,000 or 10% of these persons would require psychiatric care sometime in their lives.

Hospitalize 1 In 20

Of these, one out of 20 would require hospitalization, he said. In 1957, there were 614 persons in the 14 counties hospitalized because of mental illness, he said, at an annual cost of about eight million dollars.

Between 1955-57 there were 555 mental patients admitted to hospitals from these counties, the psychiatrist said.

A 7-section proposed mental health clinic system was outlined by Dr. Krush at the meeting, including the possibility of a state-sponsored regional clinic in Lincoln in addition to the one being sought by the Lincoln groups.

Concentrated

Pointing out that the psychiatrists in the state tend to be concentrated in the metropolitan centers. Krush said the 7-section plan would provide psychiatric service within about two hour's drive of any point within the state.

Under existing facilities, the expense involved in transporting a mental patient from Scottsbluff to Hastings, for instance, would pay for two week's hospitalization in Scottsbluff, Krush stated.

Krush said that putting together a regional and local clinic in Lincoln would "bring together both government and private sources of income and organizational ability of both levels of endeavor.

Dr. Krush said he did not know exactly when construction of the Southeastern Regional Clinic would begin but did say that the matter had been presented to the Budget Committee of the Legislature.

No Cost Figure

Specific costs of building a clinic were not discussed at the meeting but explained that, since most mental patients are discharged from hospitals within a year, overcrowded conditions which tend to prolong confinement likewise increase costs.

"Our problem is fraught with fear," Dr. Krush told the audience. "We are facing an attitude on the part of the public very similar to that toward tuberculosis termed the 'white plague' years ago and syphillis which was hushhushed as 'a social disease that can be corrected.' "

"We are very much concerned with getting mentally ill people into institution," Dr. Krush said, "but our efforts toward getting them out are almost negligible," he said. "Whether people come back out into the community depends upon whether we want them to come back out," he said.

He called upon the community to face the problem of mental disease realistically. "Problems we don't talk about remain problems," he said.

Leo Beck Jr. Vice Chairman Of NU Roundup

Leo J. Beck Jr., 1948 graduate of the University of Nebraska, will serve as vice chairman of the 1959 Roundup of the NU Alumni Assn.

Chairmen of honor classes for the June 5-7 reunion are the following Lincolnites: 1899, E. B. Perry; 1909, Mrs. W. A. Robertson and C. Robert Fulton; 1919, Madeline Girard; 1934, Mrs O. A. Barber Jr.; 1939, Mrs. James Stuart; 1949, Van Westover.

Chairmen of other NU classes planning special activities are: 1898, Maurice Hyde; 1906, May Meyer, and 1910, Mrs. R. L. Cochran.

Roy Cochran Denies He'll Step Down

State Engineer Roy Cochran Tuesday denied rumors that he intends to step down soon as head of the State Department of Roads.

"I'm not ready to quit yet," the former governor told The Star.

Asked if he intended to serve as state engineer through the remainder of Gov. Ralph Brooks' two-year term, Cochran replied:

"I'm not committing myself for any particular period."

Administrative Assistant Robert Conrad termed the rumors "baseless."

Cochran has held the position since January.

Triggering the response Tuesday were statements made in Omaha Monday night by Sen. Terry Carpenter of Scottsbluff.

Carpenter told a group of Omaha property owners opposing location of the Interstate Highway that he has heard rumors that Cochran would soon step down.

Mentioned as a possible successor has been District Engineer Dave Coolidge of McCook.

Group To Request Hwy. 41 Paving

A delegation from Saline County led by Sen. Joe T. Vosoba is scheduled to appear before the State Highway Advisory Commission Monday to request paving on part of Nebraska Highway 41 in the county.

Owen Boyles, executive secretary of the commission, said a group from Meadow Grove in Madison County is scheduled to appear in favor of reinstating as a state highway the old Nebraska 28 down to Newman Grove.

A delegation from the Sterling area in Johnson County is expected to request locating Nebraska 41 east to Nebraska 50 instead of southeast as now planned, Boyles said.

H. Stassen Gets Philly GOP Nod

Philadelphia (AP) — Harold Stassen won nomination as Republican candidate for mayor of Philadelphia Tuesday night and will oppose Democratic Mayor Richardson Dilworth in the fall elections.

Stassen, former Minnesota governor and presidential assistant, easily defeated two opponents for the GOP nomination in Pennsylvania's primary elections.

Dilworth was unopposed for a second term nomination.

Defeated last May as an independent candidate for governor of Pennsylvania, Stassen had GOP organization backing this trip. With little less than half the city reporting, Stassen held insurmountable leads over two Republican committeemen, Ralph C. Morrone and Joseph A. Shafer. He led by at least 6-1 in his bid to return to public office.

The only statewide contest in the lethargic voting—fewer than two million of the state's 5,135,580 registered votes appeared to have turned out—was for the Pennsylvania Supreme Court. There Judge Michael Eagen from the anthracite belt held a comfortable lead over interim justice Thomas McBride, former state attorney general. Eagen had Democratic organization backing, while McBride ran on both tickets as an independent. He trailed GOP-backed Judge Blair Gunther of the State Superior Court.

2 Awarded $250 Pfizer Scholarships

University of Nebraska students Margaret Stahly of Milford and Lee Reed of Morrill were announced Tuesday night as recipients of $250 scholarships awarded by Charles Pfizer & Co., Inc.

The scholarships were presented at the annual picnic of the University 4-H Club.

Pfizer offered 20 scholarships over the country to deserving land-grant college undergraduates interested in the agricultural extension service as a career. Nebraska was the only state alloted two scholarships.

Miss Stahly, 21, is the daughter of Mr. and Mrs. Clinton Stahly and has been a 4-H member 7 years.

Reed is the son of Mr. and Mrs. R. F. Reed, who farm 360 acres near Morrill. A 4-H'r for 9 years, he has completed 22 projects. He plans to become a county extension agent.

DULLES WEAKER

Washington (AP)—Former Secretary of State John Foster Dulles was reported Tuesday to be growing still weaker in his struggle against cancer and pneumonia, but not to have fallen into a coma.

Denying the coma report, press officer Lincoln White said at the State Department:

"Mr. Dulles continues to grow weaker. He is receiving analgesics (pain killers) and in general is comfortable."

While not in a coma, Dulles was said to be sleeping much of the time in his room at Walter Reed Army Hospital, because of the action of the pain killing drugs.

Members of the family are in frequent attendance.

His friends think death is near.

Railmen's Pensions Boosted

Washington (AP) — President Eisenhower Tuesday signed a bill that gives the nation's railroad workers a 10% boost in retirement benefits and a 20% increase in unemployment benefits.

The costs will be shouldered by the payment of higher payroll taxes by both the railroads and workers—who operate outside the Social Security system. The present tax of 6¼% each goes up immediately to 6¾% and on Jan. 1, 1963, to 7¼% each.

It was a measure pushed by the railroad unions, but fought by the railroads as too costly and out of line with retirement and unemployment benefits paid in other lines of work.

Ike Has No Comment

Eisenhower signed the bill, sent to him May 5, only hours before the midnight deadline that would have let it become law automatically. He made no comment in doing so.

The new law means the checks of about 364,000 workers already retired will be raised from $118 to $130 a month effective June 1. Payments to 133,000 wives or husbands of deceased workers will be upped from $52 to $57 a month.

The jobless payments, which previously were limited to a maximum of 26 weeks, were extended to as much as 52 weeks for longtime employes, and this extension is retrocative to last year. Officials said that under this provision some once-idled rail employes could collect back payments of more than $600 each.

Ponca Voters OK School Bond Issue

Omaha (AP) — Voters in the Ponca School District Tuesday approved a $300,000 school bond issue for a new school. The vote was 167 to 117.

The Ponca district is considering merging with the Omaha district and petitions for the merger will be circulated soon.

Board President Donald Graves said the bonds will not be sold if the merger is not approved by the district's voters.

4-Car Smashup Near Wagon Train Fatal To Idahoan

Roscoe, Neb. (AP)—An Idaho woman was killed and 3 persons were injured in a traffic accident Tuesday at the spot where the Oregon centennial wagon train had stopped for lunch.

The victim was Mrs. Edna B. Van Auken of Payette, Idaho. Her husband, Alfred and two other persons were hospitalized after the crash which involved 4 cars.

State patrolmen said the Van Auken car, eastbound, was following an auto driven by Henry Anderson of Paxton, Neb. Anderson slowed to look at the wagons and Van Auken struck the rear of the Anderson auto.

Rammed Parked Car

Patrolmen said Van Auken's car then swerved into a westbound auto driven by Joe Vasa of Roscoe, and then rammed into a car parked on the shoulder, which had been driven by Kenneth Melvin of Ogallala.

An unidentified girl in the Melvin auto was hurt, as were Van Auken and Anderson. Extent of injuries was not determined.

The death raised Nebraska's traffic fatality toll for the year to 103, compared with 92 at this time last year.

First Tragedy

This was the first tragedy that has marked the modern day wagon trek to Oregon since the 7 wagons started out from Independence, Mo., exactly one month ago today.

In that time they have covered 549 miles, taking them a few miles beyond Roscoe to Ogallala, Neb., where they made camp Tuesday night.

Leaving Ogallala they will push north along U.S. 26 leaving the South Platte River and picking up the North Platte near Lewellen, Neb.

This stop leaves them about a quarter of the way of their journey to Oregon over the route followed by their ancestors a century ago.

W. G. Roberts Funeral Set On Thursday

The funeral of Walton G. Roberts, 91, retired Lincoln mortician, who died Monday night, will be 11 a.m. Thursday at St. Matthew's Episcopal Church, the Rev. James Stillwell officiating.

Mr. Roberts, who had operated Roberts Mortuary from 1888 until his retirement in 1948, had been hospitalized since last November.

He had served as president of the National Embalmers Assn. and the State Assn. of Funeral Directors.

Survivors include his wife, Mae P. a son, Walton B.; and a daughter, Mrs. Walter O. Johnson of Omaha.

Pallbearers will be Trev Gillaspie, Dr. William I. Rotton, Ernest U. Guenzel, John F. Lawlor, Theodore Roeder of Omaha and Wallace Laughlin of Wymore. Burial will be in Wyuka.

McElroy To Stay On

... As Defense Chief

Washington (AP) — Secretary of Defense Neil H. McElroy Tuesday suspended his plans to resign and said he may not leave the Eisehower cabinet at all.

McElroy

His decision put a damper on speculation that Thomas S. Gates Jr., whom President Eisenhower nominated Monday as deputy secretary, had been persuaded to stay in government service so he could step into McElroy's shoes.

Gates, 54-year-old Philadelphia investment banker, had been planning to retire July 1 as secretary of the Navy.

McElroy had announced his intention to return to private business probably by the end of this year. Then came the death May 8 of the man expected to succeed him, Deputy Secretary Donald A. Quarles. Until Tuesday it was uncertain whether this development would cause McElroy to change his plans.

Expecting

Hollywood (AP) — Actress Audrey Hepburn, wife of actor Mel Ferrer, is expecting her first baby in January.

A spokesman for the actress disclosed the news here although Miss Hepburn and her husband are now living in Burgenstock, Switzerland. They were married in Switzerland in September 1954 and have been living in Europe and Hollywood since time, depending on their film commitments.

Clogged Storm Sewer Is Blamed For St. Joe Flood

St. Joseph, Mo. (AP)—A clogged storm sewer was blamed Tuesday for a disastrous flash flood that swept through North St. Joseph causing extensive property damage.

One man lost his life as an 8-foot wall of water roared down on the residential and industrial section at the north edge of this city of about 80,000.

Unofficial estimates of the damage ranged up to $2,500,000 and very little of it was reported covered by insurance.

A 4-inch downpour in less than an hour sent the floodwaters down Black Snake Creek. But a 16-foot storm sewer intended to carry the overflow from the stream became clogged with debris and the torrent swept down the Chicago Great Western railroad right-of-way and onto Burnside Ave.

The body of William M. Thomas, 61, the one known victim was found a block from his home.

Caril's Hope For New Trial With High Court

...Judge Spencer Denies Motion For New Trial

Caril Fugate's next hope for a new murder trial now rests with the State Supreme Court.

Lancaster District Judge Harry A. Spencer Tuesday denied her second request for a new trial and the case will now go to the high court. The court is not expected to hear the appeal until fall.

Judge Spencer said he was "convinced there is no basis in fact for the (new trial) motion" and then denied it. He said he made his decision after rereading affidavits filed by Caril's attorney, John McArthur, which allege Caril was convicted on Charles Starkweather's perjured testimony.

Delayed Ruling

Judge Spencer had heard arguments on the new trial request Saturday but had delayed his ruling.

He also had denied a previous new trial motion, which was based on a bet made by one of the jurors who heard Caril's case on the trial outcome. The bet, however, was made before the trial commenced.

Caril was convicted last November of aiding Starkweather in murdering Robert Jensen, 17, of Bennet, during a January, 1958, murder spree which claimed 10 lives.

Execution Friday

Starkweather will be electrocuted Friday at 6 a.m. for his part in the Jensen murder.

Caril is now serving a life sentence at the Women's Reformatory at York.

Caril, brought again to Lincoln for the court hearing, did not appear surprised by Judge Spencer's ruling. She smiled several times at photographers as she left the Courthouse with Sheriff Merle Karnopp for the return trip to York.

Bids Asked For Kellogg Center

The University of Nebraska announced bids are now being asked on the estimated $2.6 million Nebraska Center for Continuing Education to be constructed on the College of Agriculture campus.

Chancellor C. M. Hardin said bids will be opened at 2 p.m., June 9. Contracts call for completion of construction by Dec. 31, 1960.

Financing of the building will be done by a $1.5 million grant from the W. K. Kellogg Foundation of Battle Creek, Mich., and a state-wide fund drive through the University Foundation. The Foundation has raised $1,095,169 to date.

Continental Bank Mural Dedication At 3 p.m. Today

The mural in the Continental National Bank's main banking room will be dedicated at ceremonies to be held at 3 p.m. Wednesday.

Measuring 12 by 96 feet, the mural is believed to be the largest interior piece in the United States.

The mural was created by Jimmy Ernst, professor of art at Brooklyn College.

Ernst's works have been exhibited in many American museums and were displayed at the World's Fair last year.

County Board Asks 4 Lanes For Cornhusker Highway

Referring to Cornhusker Highway north of Lincoln as the most congested road in the state, Lancaster County Board Chairman Rollin Bailey Tuesday asked the Board to request the State Highway Dept. to make the two-line highway a 4-lane thoroughfare.

Commissioners Kenneth Bourne and Ralph Harlan agreed that the road, which has a high accident rate, should be 4-lane width and a resolution asking the Highway Dept. to study the proposal was unanimously approved.

Bailey said he doubted if either the Interstate Highway or Lincoln's proposed northeast diagonal would help the traffic congestion on Cornhusker Highway.

Local Traffic

He said most of the traffic on Cornhusker Highway (U. S. 6) is local, and that the Interstate will carry mainly through traffic.

Bailey said he doubts if the proposed northeast diagonal will ever be constructed, due to high cost of right-of-way lands.

Bailey proposed making Cornhusker Highway a 4-lane road and then using 3 lanes for westbound cars in the morning with one lane for eastbound and then reversing the procedure in the evening.

He said if the Highway Dept. is reluctant to undertake the project he believes the county itself should do so. Bailey said "you take your life in your hands" trying to get onto Cornhusker Highway during rush hours.

County Engineer Louis Weaver agreed the road is probably the most congested in the state, but said he believed county paving of Superior Street (Havelock Ave.) might help.

County To Pay $20 Daily For Hospitalization

The county will pay local hospitals $20 a day for care of county patients starting July 1.

The County Board decided Tuesday to boost its present $18 a day payment after being informed by the hospitals of increasingly higher medical care costs.

Board Chairman Rollin Bailey said the county still will be paying less than the standard per day hospital charge, which he said now is about $25.

Sheriff's Patrol Gets New Cars

The purchase of two 1959 Plymouths to be used by Sheriff Merle Karnopp's night patrol was approved Tuesday by the Lancaster County Board.

Two locals firms, Bob Ring Plymouth Inc. and the Gotfredson Motor Co., will supply the cars. Their combined total bid of $1,961.30 for the two cars was the lowest received, according to Board Chairman Rollin Bailey.

Two 1957 cars, a Dodge and a Plymouth, will be traded in on the new cars, and the bid price takes into account this tradein.

Rejected by the Board were bids from firms selling Chevrolets, Fords, Pontiacs and Oldsmobiles.

Lancaster Board For Convention

The Lancaster County Board Tuesday went on record as favoring LB606, which provides for the calling of a Constitutional Convention if the voters give their approval.

Board Chairman Rollin Bailey termed the bill a "very needed" measure.

Gov. Ralph Brooks has said he favors the bill. Only final Legislative approval and his signature is needed to pass the bill, which would submit the convention proposal to the voters in November, 1960.

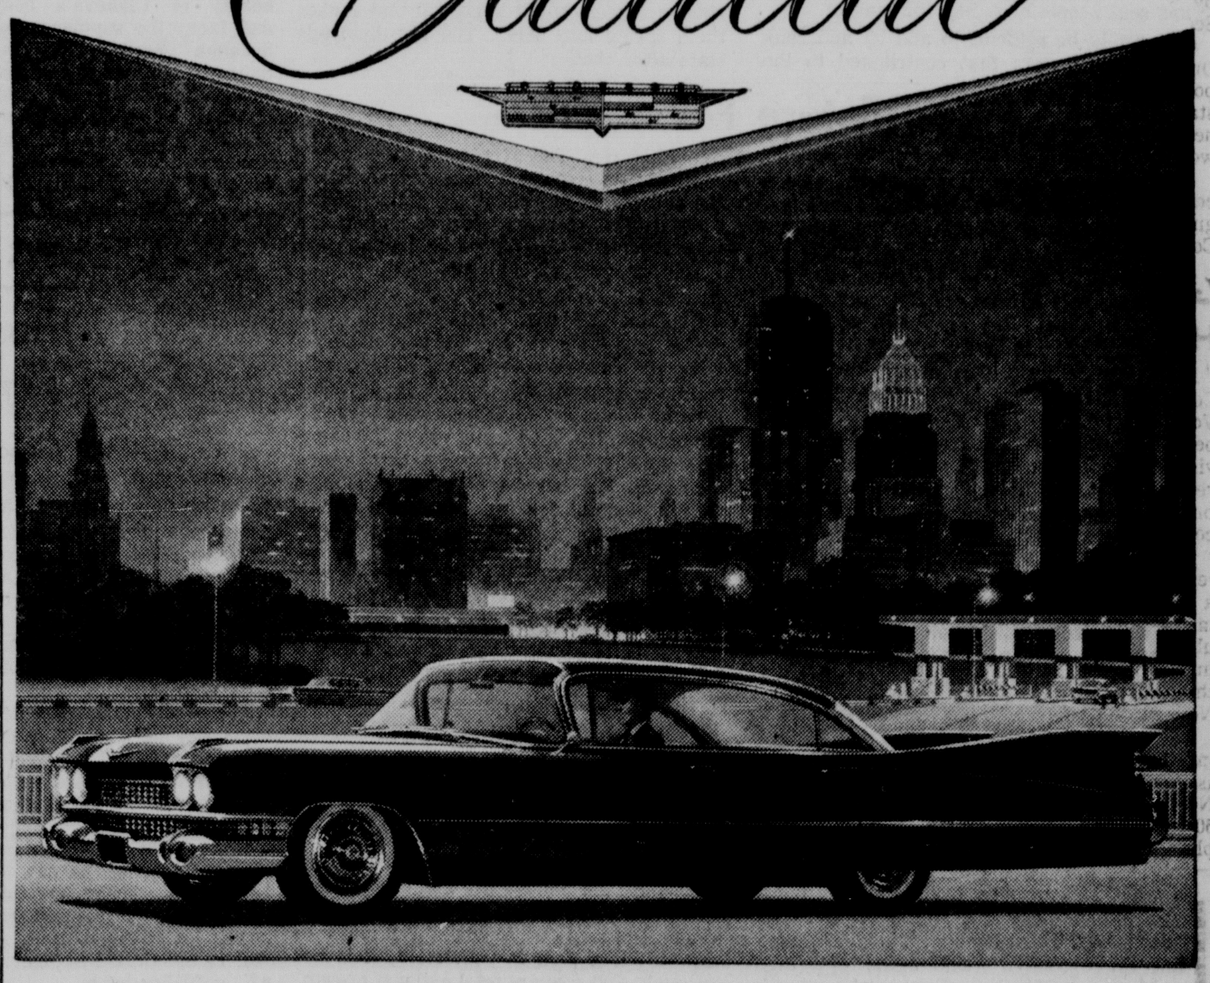
Cadillac



World's Finest Miles between Start and Stop!

Name any starting point you prefer—select your favorite destination—and imagine yourself bridging the distance in a new 1959 Cadillac.

What's it like? Well, in a word, it's—*wonderful!*

To begin with, it's wonderful just to *sit* there—cradled in the comfort of its cushions . . . surrounded by its Fleetwood luxury . . . and soothed by its marvelous quiet and steadiness of ride.

And how wonderful it is to *command* the "car of cars".

A hill in the offing? A nudge of your foot carries you up and over with amazing alacrity.

A curve in the road ahead? The weight of your hand on the slender wheel makes you its master.

A traffic light gleaming red? The touch of your toe on that big, wide pedal brings you to a smooth, sure stop.

And through it all, of course, there is the indefinable magic of knowing that this is a *Cadillac*—admired and respected by all who behold it.

In fact, when your appointed destination comes into view, you will probably regard it with reluctance. For when the miles past have been so pleasant, the miles ahead are always tempting.

But no matter where journey's end might find you, the proof will be abundant—*from first start to final stop, a journey in a Cadillac is the finest distance between any two points.*

If you haven't discovered this for yourself, we urge you to visit your Cadillac dealer soon.

He'll be happy to lend you the keys at any time—and to give you the surprising facts about Cadillac's practicality.

Stature Is Lost

By WILLIAM O. DOBLER

It wasn't just another routine piece of state business which was defeated when the Legislature voted down a resolution condemning recent attacks upon University of Nebraska College of Law faculty members. With this action, the Legislature made a mark for itself which stamps it as one of the weakest unicamerals of all history.

It is obvious that the main purpose behind this attack is embarrassment of the Democratic party.

Embarrassment The Purpose

The intent was to link the labor relations act introduced in the Legislature for Gov. Ralph Brooks with a university faculty member who was painted as being at least a Communist sympathizer and a man of unprincipled character who freely lied and cheated to attain his goals. To further this case and give it substance, an effort was made to malign the character and professional standing of one other faculty member and another former member.

The plan was to present the Law College as a whole as infested with men of highly questionable loyalties to their country, of unacceptable political beliefs and of no moral integrity. This would incriminate the author of Gov. Brooks' labor bill and drag the Democratic party down with the two of them.

And what are the "facts" on which the hatchers of this plan based their attack? A simply explained and easily understood forgetfulness on the part of one faculty member on past political affiliations. This was an affiliation carried on for the most part as the representative of another man and the forgotten membership was later recalled and properly reported, before the incident was given any prominence in the news.

★

Another fact was the prison record of a former faculty member — a record gained as the result of beliefs which made this man a conscientious objector during the war and led him to refuse placement with in an objectors' camp. It was a record later completely cleared by a full presidential pardon.

A third fact was the statement given to Sen. Jack Romans of Ord, who has engineered this whole disgraceful episode, by a former first-year Law College student. The student reported statements he said were made by a professor — statements which might appear to the casual observer to be in sympathy with the Communist movement.

★

Regardless of who the student was, it would be folly to rely on this type of report on anything a professor said. The student might easily have misunderstood what was said or taken the matter out of context. But this particular situation is even more ridiculous than that.

The student involved has dropped school in the face of a scholarship record which, if maintained at the same pace, would have failed to earn him any credits. Nor has Romans bothered to check on anything else in connection with this episode which would show the likely unreliability of reports made to him on classroom instructions.

Romans and a majority of the rest of the Legislature obviously gave little thought to the large number of other students, all of them making a successful university record, who spoke out in defense of faculty members under attack. Nor was a majority of the Legislature possessed of sufficient character and intellectual honesty to see the politics involved and the scandalous means employed. The Legislature has taken the sanctity of a man's reputation and the stimulating right of free thought and scattered them among filth.

Students Backed Instructors

The political overtones that have so influenced almost everything the current Legislature has done had been disturbing enough as a reflection upon the caliber and selfishness of the men who accepted the trust of that office. This latest university episode is the disgusting climax to five months of betrayal of that trust. In the realm of decency and human rights, the Legislature now has no stature whatsoever.

The Nation's Recovery

Some experts, they say are confounded by the vigor of national business recovery.

Hardly two years ago the nation was in a slump. There was talk of a march on Washington. The Congress was relief minded. Then something happened. The economy started walking out of its pit, growing stronger with every step.

Now the figures for the first three months of 1959 are in. The total output of goods and services were at the annual rate of $467 billion and were up $14 billion from the final quarter of 1958. Unemployment, though not yet down to pre-slump figures, is declining. Most of the depressed trouble spots have cleared up. Public confidence has sent people back into the market.

It would be difficult to add up and rank all of the factors that contributed to the recovery. In this agricultural section nature flooded the farmer with abundance, unmarketable to some extent, but at least supported by a $7.5 billion farm program, sufficiently to lend a note of confidence and optimism.

But probably the biggest single factor was a huge defense budget which poured new orders into industry which is just now getting into the big end of production.

Most of it sums up to a basic fact in a capitalist economy, "unleashing capital makes wheels spin." In this case public capital started the reaction.

This repeated lesson warrants greater consideration in Nebraska. It is well enough to plan the development of this state's varied resources, but it is capital that makes them spring into being. The big dividends start after that.

Dim Future For Strauss

By a slim margin of 9 to 8 Lewis L. Strauss survived the shafts of the Senate Commerce Committee and his name now goes before the Senate for the decision whether it will confirm his presidential appointment as Secretary of Commerce.

Strauss said he was grateful for the committee's action. But his chief adversary, Senator Clinton Anderson, (D-New Mexico), sees it differently. The close vote, in his opinion, was the harbinger of the Senate's refusal to confirm.

Time will give an answer to Sen. Anderson's prediction. But this much has already been established: even though Strauss may escape the Senate's fatal blow, his career as Secretary of Commerce is blighted. He would better serve the President by withdrawing as did Clare Booth Luce.

Something critical can be said of a Senate for riding roughshod over presidential appointments. Within broad limits a president has the right to shape and staff his administration. The overuse of the Senate's confirmation discretion tends to subordinate the executive department and make it something less than an equal part of a tri-partite government. On the other hand, a judicious executive owes it to his office and to the nation to refrain from provoking the Senate by nominating controversial figures.

The opposition to Mr. Strauss is not a late day development. His public career from the time he was named to head the Atomic Energy Commission has aroused resentment. His headstrong use of the chairmanship displeased his fellow commission members. His hassles with the scientists were distasteful. His treatment of the question of nuclear fallout was unsatisfactory to a great segment of the public. His association with the repudiated Dixon-Yates power contract was another entry on the red side of the ledger. Capable as he may be it is apparent that he has not mastered the art of the public servant.

Their Stake And Ours

The Northern Natural Gas Co. executive who noted that his firm has a "tremendous stake in the growth of this area" might well have expanded the remark. Not only his firm, but every individual living in what is known as the Northern Plains area has a big stake in the progress of these states. There is no question, of course, that the executive would agree with this as his purpose in being in Lincoln was to kindle within civic leaders here a greater interest in industrial growth.

He explained his company's current program for the stimulation of trade among these Northern Plains states. Rather than buying and selling in eastern markets, his firm is interested in promoting this business between the states of this area, thus improving the industrial output of five states. He was correct in pointing out that while Nebraska as a whole continues to show a slight gain in population, it is not getting its full share of total national growth.

This will make the state and others like it politically ineffective on a national scale and tend to further limit the industrial expansion of the area. Unless something definite and constructive is done to avert it, the inequality of national growth will continue to pile up and widen the gap between the various states of the extreme East, West and Midwest.

Naturally, the leadership that is needed to alter this trend must come from the heart of business and industry itself. It has the most direct stake in this matter. But second in line and of utmost importance is an awareness of the situation by the general public and a desire to improve things. For the public has its future tied to the welfare of the business and industry involved.

Without prosperity and growth for this business and industry, there will be none for the individual. There would be no jobs for today's children in the years ahead and little advancement along the financial road for those who did have employment. The growth needed would mean additional profits for industry but this is an essential part of the harmonious relationship that must exist if the proper expansion pattern is to be achieved.

Art Offers Way To Understanding

WASHINGTON — In the center of the Capitol theatre stage, the fragile form of Galina Ulanova fluttered to the floor in the climax of The Dying Swan. Out in the body of the theatre, 3,426 spectators — the most ever squeezed into the Capitol—paid uproarious tribute.

Scene after scene, dance after dance of the Bolshoi Ballet had brought from staid, conservative, culture-satiated Washingtonians unabashed, uninhibited, tumultuous approval.

Beyond that approval, beyond the record-breaking $37,000 box-office receipts which topped the Metropolitan Opera's $29,000, beyond the ballerinas' quick tour of the Lincoln Memorial and Congress was something more important than art and the appreciation of art.

It was the fact that art can form a bridge between people.

So far diplomats have not been able to bridge the gap between the political animosities of the United States and the Soviet Union; nor have the scientists sitting in Geneva; nor even the heads of states meeting at the summit in 1955. But the lithe beauty of Ulanova's body and face; the suppleness of Susanna Zvyagina in the Sabre Dance, and the rugged expressive hands of Yuri Faier as he led 70 American Musicians and 100 Russian dancers in perfect rhythm—they did what trained diplomats and skilled politicians have not been able to do.

They helped the Russian and American people understand each other.

☆ ☆ ☆

For the Americans who applauded the grace and symmetry of the Bolshoi Ballet began to understand that a determined cultured people had produced it, dating back from 1773 when a dancer from the St. Petersburg court theatre, Filippo Beccari, had offered to teach children in the Moscow orphanage how to dance. They began to realize that a ballet so beautiful could not have come from a nation of state policemen and Communist criminals, but from a nation which has achieved great beauty, and which now, by finally lifting the "Iron Curtain," wants to share it.

Likewise the Russian ballerinas who toured Washington by bus before their performance knew they were not visiting a nation of hatemongers and wicked capitalists. When they wanted to stop rush-hour traffic near the 14th street bridge to take pictures of the Jefferson Memorial because it was so beautiful, they probably did not know that it was erected in honor of the first and foremost teacher of American democracy. They just knew that the memorial in honor of Thomas Jefferson was beautiful and, regardless of traffic, they wanted to photograph it.

DORIS FLEESON

Khrushchev Dreams Of Tour Of U.S.

GENEVA — The jackpot about which all summit conversation here centers is the American people. Soviet Premier Nikita Khrushchev wants a summit meeting in San Francisco so that he can barnstorm among them from New York to California in their own free-wheeling American style.

Apparently Mr. Khrushchev has been reading his press notices and has decided that, in his fashion, he has captured the imagination of most Americans. Possibly, too, he feels that anything Mikoyan can do, he can do better. Khrushchev has told visitors that President Eisenhower let Mikoyan roam at will in the United States, so why not Khrushchev.

There is a certain rough justice in his insistence that he be allowed to show the Russians that he can get along with the Americans. The extent to which United States candidates for president have beaten a path to his door is a major phenomenon of the talking war and shows no signs of abating. Adlai Stevenson spent weeks in Russia, Senator Hubert Humphrey spent eight hours with Khrushchev, and Vice-President Richard M. Nixon leaves soon for Moscow in all the panoply of his office, with a retinue of 40 reporters to describe his triumphal progress.

☆ ☆ ☆

These ambitious men make their long journeys not only to satisfy a natural curiosity but as a means of proving that they merit the great office to which they aspire.

It would be a sorry travesty to suggest that the Soviet dictaor has any such electrol problems. Yet it is true that he has promised the Russian people peace and prosperity. It is in the interests of his propaganda to show that he does fine with all Americans except warmongers, who are, of course, the people who won't give him his own way.

To the heated debate about whether the exuberant Soviet premier will put himself over — if he gets the chance he seeks in America — must be added a most-sober consideration. That is the question of his personal security on such a trip.

Americans are little given to political assassination. Permission or an invitation for an official visit here, once given to a head of state, carries with it ironclad assurance of his safety and wellbeing. Nobody could doubt that an invitation to Khrushchev to come to America would be accompanied by every possible precaution against trouble directed to his person or party.

☆ ☆ ☆

Yet, an American president himself must take the risk of inflamed political passions in a free society, and some of them have paid for it with their lives. It hardly needs to be mentioned how much less our presidents and their partisans have done to arouse such passions than have the murderous men of the Communist regime in Russia.

Many people, however, believe that Khrushchev, like every expert politician, is suggestible and that the risks are worth taking on the chance that he will learn much on such a journey as he proposes to make.

MARQUIS CHILDS

West Shows A Divided Front

GENEVA — Acording to news reports from London, Prime Minister Macmillan played a long week end of golf at Gleneagles, the magnificent golf resort in Scotland. This news has a wistful meaning for the negotiators at Geneva, for it was Macmillan who at the Camp David talks with President Eisenhower in Maryland spoke of the need for privacy in high-level international negotiations and suggested that Gleneagles might be a good place to hold a summit conference.

Certainly, there is no privacy in the great goldfish bowl that is Geneva. More than a thousand reporters have their faces pressed against the glass, bent on interpreting every movement of the nervous fish swimming about in the murky water in which they perforce exist.

An incident has just occurred here that illustrates the difficulties of diplomatic negotiation under such intensive surveillance. The American spokesman, Assistant Secretary of State Andrew Berding, in answer to a reporter's question said that in the end, since the proposals of West and East for solving the German problem were diametrically opposed. it would be necessary to try to work out an interim agreement for Berlin. While he now stresses "in the end," insisting that he did not intend to signal abandonment of the over-all Western peace plan, this is precisely the alarm sounded in the world's press.

☆ ☆ ☆

The big news-gathering organization rushed out with "hard leads," saying that an "American spokesman" had reduced the foreign ministers' conference merely to a question of an interim arrangement for Berlin. British and French spokesmen inspired denials that any such maneuver had been agreed to, thereby sharpening differences already existing among the three Western delegations.

In itself this little incident is not important, since within 24 hours it will probably be forgotten. But it throws a sharp light on the incredibly difficult process of holding an alliance together for negotiations with a monolithic power such as Soviet Russia even when that power is trying to present a face of cooperation and goodwill.

☆ ☆ ☆

A great deal has been written about the differences among the three, with special emphasis on the suspicion of the British for their apparent eagerness to meet the Russians more than halfway. So far as the conference is concerned those differences are likely to be composed with even the French finally dragged kicking and screaming to the summit.

But it is as a symptom of far deeper submerged conflicts that the needling within the alliance at Geneva has a profound and disturbing significance. With full prosperity and World War II a receding memory, national rivalries have come to the surface. The competition for markets, for friends, for power and influence is increasingly evident and with it go suspicion and distrust.

The Germans and the French are suspicious of British motives in sending Sir David Eccles to Moscow with a trade mission at this particular moment. Likewise British suspicions were aroused last summer when the Krupp interests signed a big deal with the Russians. The competition in Asia and Africa is sharper, and in Europe the six nations in the European community look with jealous resentment on the efforts of Britain to form a larger free trade area.

Ugly rumors have been spread here, including the report that the British are ready to make a Middle East deal with the Soviets. While these rumors have been officially denied they are a poison which works its slow and subtle way.

☆ ☆ ☆

This happens to coincide with the passing from the scene of John Foster Dulles, and there are those now naively saying that if only the new secretary of state, Christian Herter, would speak up firmly these differences could be resolved and the Western powers brought into line again as Dulles held them in step. But something far more than firm words is vital if these same half-submerged forces of nationalism are not to work with increasing violence and virulence to the end of the rapid deterioration of the alliance. More than any of the trivia of the day-to-day currents of the conference this should be for the West the meaning of what is going on in the Geneva goldfish bowl.

Harry And Ike

Upland, Neb.

I would say to "Independent Voter" in the May 16 Star that "Give-em-hell-Harry" doesn't write anything he is ashamed to sign. It was MacArthur who made the most costly mistake of military history in blood and prestige, and it was Truman who refused to talk peace with Stalin until he washed his hands of satellite slavery. Ike settled on Russian terms and brought us step by step to the spot we are in now. Truman left us with the highest prestige of all time, and we now have the lowest of all time. Ike has learned the hard way that you cannot fight bears with sugar and that it is easier to put out a fire before it spreads all over the world.

And to GOP Chairman Spelts, I would say not to worry. If any GOPers lose their jobs, Fred Seaton will make them vice president or under-secretary to some of the lame duck assistant secretaries at inflated salaries.

Let us stick to facts.

Pursuit Of Truth

Rock Rapids, Ia.

I see that the "noblest Roman of them all" has returned to the charge. "When in doubt, if ever in doubt, charge!"

I am certain that the assault will ultimately do more good than harm, principally by closing the ranks of the students and the faculty, the chancellor and the regents, the citizenry and the responsible legislators against this sort of cruel and unfounded attack on university professors.

Nonetheless, the nature of the assault is serious, emanating as it apparently does from high Republican circles in the state, and it is well to compare the similarity of the Ord trucker's methods with those of the late Sen. McCarthy:

—Criticizing a labor relations bill, not on the merits of the bill, but by a sledgehammer attack on its author, Prof. Merton Bernstein, a labor relations expert.

—Implying guilt by association that Bernstein is a subversive because he was associated with the ADA, an organization supported by such as Adlai Stevenson, Eleanor Roosevelt and Harry Truman.

—Damaging the reputation, because of an article in Mercury Magazine, of Prof. Frederick Beutel, a highly respected law professor and, when he was dean of the LSU Law School, one of the few to stand up against Huey Long.

A companion article, if the senator has not already been informed, branded "at least 7,000 Protestant clergymen" as subversive, a preposterous charge that resulted in the resignation of its author, J. B. Matthews, as executive director of McCarthy's old committee.

Sen. Romans has made the mistake of most self-anointed witch-hunters — confusing the Communist and the subversive with the honest liberal. His targets have as much resemblance to Communism as corn to corn whiskey.

An Anderson, a Glassford, a Mitchell have fallen before similar attacks at Nebraska. Perhaps by now we are learning that it is a precious heritage of freedom that we must protect — the right of the professor to pursue his twin responsibilities of finding and disseminating the truth without undue harassment — the right of the professor to act as a private citizen, without undue restriction.

The Regents' 1953 Statement on Academic Freedom puts these principles into words. It is for the state of Nebraska, its citizens, officials, supporters, to see that it is levied into action.

Nebraska's Loss

Lincoln, Neb.

Did I read correctly that school executives figure that high school tuition should be not less than $35 per week? It doesn't seem possible that per-pupil instruction should cost $7 for each of the week's five days, or $140 per month, $1,260 for a year of nine months. That would be more than $5,000 through the eighth and twelfth grades, and all tax money. Meantime, Father has had to reach down into his overalls pocket for approximately the same amount for clothing, food, housing, transportation and entertainment for each boy and girl.

Ten thousand dollars, not to mention the cost of living and the tax expense for the eight years of primary and elementary schooling, makes education big business, especially when four years in state-supported colleges are added for the estimated one-out-of-four high school graduates who finish courses in higher education. The college years will cost more in taxes and family support than during high school. Let us estimate it at $15,000 or $25,000 per graduate.

Altogether too many of these young people who are best prepared for useful citizenship leave early for high-paying jobs in industrial cities in other states. There they marry, settle down and help support the governments of the new home states. But they have taken with them at least $50 million each year from Nebraska's meager agricultural economy without repaying a penny. The social and political vacuum is even more to be regretted. The contributory addition to our population is negligible.

Nebraska's declining agricultural income and its low population increase — less proportionally than the birth rate — can ill afford the financial and social loss to industrial states. Perhaps the unforeseeable answer is to educate our young people for citizenship rather than for wage-paying jobs.

More Power

Lincoln, Neb.

If what I read in the paper is true—and I have no reason to believe it is not true—then I say, more power to Sen. Romans. There should be more senators behind him. Any hiring board at the University of Nebraska that would hire a man who thinks Harry Bridges is a fine fellow should be investigated to the limit.

A.D.C.

OFF THE RECORD By Ed. Reed

"Psst, Mr. Nelson,—would you mind dubbing a few? My Son idolizes me."

Stan Delaplane's POSTCARD

Here I sit, full of flu and scarcely able to climb over the discarded Kleenex. Punished for my sins, especially for bragging.

It seems during a gayer moment, I chattered about what a pioneer I was.

"We will all go camping," I said grandly, "and sleep on the ground."

What gets into me anyway? To talk like that.

☆ ☆ ☆

The point now is how to avoid the Outdoor Life—I think a whiff of outdoor life would end what little indoor life is left to me, that is my belief.

"I did not mean this week!" I cried. "Heavens-to-Betsy. I am a mere shell what with the bugs reaming me out.

"Even when I recover, I shall have to treat myself carefully for weeks and weeks. Convalescing slowly and carefully with my children bringing me broth and pickles I love so well and —."

Well, it seems I PROMISED. The son and heir is already in his Indian suit. And the dog has been washed for the journey. The minute I am better, the minute I can lift the gruel to my lips, everybody is ready to go.

☆ ☆ ☆

I did a spell of camping in youthful and more resilient days. In those days I could sleep on rocks and they did not leave a dent in me.

No longer. I like a bed. In a house. A house with a heat-regulating device on the wall. It was in a nice house like this the other night that I recalled those golden days and made the rash promises.

"We slept right on the ground," I said. "And in the morning, you know what we did? We made bacon sandwiches. We packed them in our bags. And we went way up stream and fished down until dark.

"Then we cooked the fish and ate them."

I had everybody's mouth watering as I described the taste of trout over mountain mahogany coals.

I also recall that the mornings were brisk. And the water we waded in was fed by snow and was colder than billy-o.

If I have to do that again, they can start cutting off my dog tags.

☆ ☆ ☆

The only thing that gives me hope is the march of progress. There has been a great deal more comfort in our lives in recent years. The camping dodge has not been neglected.

You can buy a tent with a screened-in front porch for a couple of hundred. And Abercrombie and Fitch will tuck you into a sleeping bag, warm down to 20 degrees below, for another C-note.

The smart camper this year will carry a portable ice box, an air mattress and foam rubber pillows. He will pack a folding washstand with a removable plastic bowl. And he will shave himself with a spring-driven razor. (If the battery in the car will stand it, he can plug the razor into the lighter socket and do it as electrically as if he were at home.)

☆ ☆ ☆

All of this would have horrified me when I was doing my stint with Nature. But now these things seem kind of natural — natural and NICE.

"And can we make fire without matches? Like you said?"

"Did I say that?" I asked nervously. "Of course we will have to find a certain kind of wood — just the right kind of wood. However," I said happily, "if we do NOT find that kind of wood, the camping stores also advise that you carry a patent fire starter."

We must also take with us an axe. Though I have been looking at the ads. And do you know you can buy a whole bag of charcoal for practically nothing. Take that with you, add some fire starter and you get away from an awful lot of chopping.

Hoffa Threatens Nationwide Strike Of All Labor

Restrictive Union Laws Scorned

Brownsville, Tex. (AP)—James Hoffa Tuesday threatened a nationwide strike of all labor if Congress harnesses unions with anti-trust laws.

Hoffa

"They talk about a secondary boycott," the short, husky teamster chief said in scorn.

"We can call a primary strike all across the nation that will straighten out the employers for once and for all."

The ani-trust proposal came from Sen. John L. McClellan (D-Ark) in a recent Senate speech, Hoffa said. Some business interests have proposed in congressional hearings that all unions be put under anti-trust laws.

The 300 delegates to the South Atlantic and Gulf Coast District convention of the longshoremen's union (ILA) cheered wildly when Hoffa threatened severe reprisals if an anti-trust law is passed.

All On Given Date

"The only answer is that if such a law passes, we should have all our contracts ended on a given date," the turbulent teamster chief declared. From the context of his talk it was plain he referred to all unions, not just the teamsters.

Such a uniform contract expiration would permit all unionized workers to strike at the same time.

In Washington, Sen. Pat McNamara (D-Mich), himself a one-time Detroit union official, said any such strike "would be suicidal, just crazy."

"I think Hoffa has more sense than to do that," the senator told a reporter "I note he is quoted as saying he 'can' call a strike, but not as saying that he will do it."

Hoffa said the aim of the ani-trust proposal is to preven nationwide unions.

Hoffa said he expects to return to the AFL-CIO in a few years.

He blamed his union's ouster on the leaders of the AFL-CIO and predicted the rank and file would oust them.

Meany Aroused

Washingon (UPI) — AFL-CIO President George Meany indirectly accused teamsters President James R. Hoffa of advocating "revolution" for proposing a nationwide strike if Congress applies anti-trust laws to unions.

Pre-School Registration Thursday

Students planning to enter a Lincoln high school who have not attended Lincoln schools this year and preschool children who will be eligible to enter kindergarten next fall are urged to preregister on Thursday, May 21.

More than 2,500 Lincoln children are expected to enter Lincoln Public Schools kindergartens this fall. Children who will be 5 on or before next Oct. 15 are eligible.

Pre-registration sessions will be held in every elementary school in the city Thursday for the prospective kindergarteners. Each school is arranging the time and number of sessions to be held Thursday.

For prospective kindergarten students living at the Lincoln Air Force Base family housing, registration procedure is as follows:

—For kindergarteners with older brothers or sisters in an elementary school, registration will be at the school attended by the older brother or sister.

—For kindergarteners who do not have an older brother or sister in an elementary school, registration will be at Belmont School.

For students planning to register for high school in Lincoln, who are not presently attending Lincoln schools, the registration period is from 3:30 to 4:30 p.m. Thursday. The students should register at the school they plan to attend.

J. W. Stewart Elected By Bryan Board

John W. Stewart has been elected president of the Bryan Memorial Hospital board of trustees.

Other new officers are E. J. Faulkner, vice president; Mrs. Lenore S. Biggs, secretary; and H. W. Probasco, treasurer.

Stewart

George Bastian, reporting on Bryan's building fund campaign, said that only $21,000 is needed to complete the $500,000 goal.

The board of trustees announced a tentative schedule for the hospital's expansion and modernization program.

The board said final architectural drawings are to be ready by mid-December, contracts awarded about Feb. 1 and construction is to begin no later than April, 1960. About two and one half years will be needed to complete the $2.8 million project.

The trustees also postponed earlier plans to begin progressive patient care service, until after the hospital's modernization some time in 1962.

Other appointments include:

Mrs. Biggs, Mrs. A. F. Daland, Max E. Roper, James H. Swanson and Probasco reappointed board members for 3 years; Tom Hickey. Faulkner, Charles Boswell and Leonard Nelson, named new 3-year directors.

Holdover directors are Mrs. M. N. Adams, William Bogar, T. C. O'Donnell, Albert Heid, Stewart Elwood N. Thompson, Bastian, Mrs. Florence Bates, William A. Fry, A. W. Griffin, Harry Simon. Going off the board were Victor E. Anderson, William T. Edwards, Mrs. R. P. Hitchcock.

Nebraska Conference representatives are Bishop Bascom Watts, the Revs. John P. Brooks, Harold Sandall and John E. Stayton.

H. Clyde Filley was named an honorary board member. Others are Mrs. Thomas S. Allen, Mrs. Nellie T. Magee, E. E. Harrington and Frank Wells of Auburn.

Investment Board Bill Advances

. . . Survives Kill Try

A bill, LB131, which would create a state investment board, survived a kill attempt Tuesday, 18-23, and then was moved another notch closer to passage.

Sen. A. A. Fenske, Sunol, sought to have the measure indefinitely postponed.

Sen. Hans O. Jensen, Aurora, introducer of the bill, has maintained that some state funds, mainly those in pension and retirement programs, are not being invested to get the maximum return.

The 3 members of the board proposed in LB131 would need extensive experience in the investment field and would be appointed by the governor.

Membership Concern

Sen. Terry Carpenter, Scottsbluff, said there has been some concern voiced about the membership of the board. But he said the Legislature would have the power of veto over the governor's appointees if they were not satisfactory.

Carpenter said there seems to be some reason why State Treasurer Richard Larsen has not invested some of the state's "dormant" funds. He said he would appreciate knowing if there had been some agreement—as a condition of obtaining Larsen's bond—that he would not invest these funds which are in various Nebraska banks.

"Unless this body is able to force someone to do something, the state is going to lose $1,000 a day," Carpenter said.

Sen. J. O. Peck of Columbus, another strong backer of the bill, said the state's investment program will continue to grow and that this bill represented a "genuine and sincere effort" to bring in the most money possible.

He also said that he had been authorized to report that the some 185 banks in the state which now have state deposits would have no objections to those deposits being withdrawn for investment in U.S. securities.

Two New Polio Cases Reported

Two cases of paralytic polio marred the weekly report of the State Health Department.

The new cases jumped the total for the year to 5 cases compared to two last year. Three of the 5 cases reported so far have been paralytic.

The new paralytic cases involved a 29-year-old Valley County man who had not been vaccinated, and an 8-year-old Gage County girl who has had two Salk shots.

The first case of tularemia (rabbit fever) was reported for the past week. It involved a 10-year-old Gage County boy. There were no cases reported this time last year.

Manager Of Hastings Chamber Resigns Post

Hastings, Neb. (UPI)—The resignation of Charles A. Dean as manager of the Hastings Chamber of Commerce was accepted by the Chamber President L. C. Schuster. Dean's resignation is effective immediately. He said he has no definite future plans but intends to remain in Hastings.

WOULD YOU SELL YOUR NAME?

Every organization needs funds for projects or service work. When the professional promoter promises easy money and no work, there is a temptation for a group to sell its name—and the price may be pretty dear when you consider the promoters' take plus the possible repercussion from high pressure selling and misrepresentations. We urge those identified with various clubs to weigh carefully the over-all cost as against what is left for your project. Promoters come and go—your organization will be linked with the promotion long after the promoter is forgotten.

Burney Pay Hike Veto Overridden

. . . By 30-10 Vote

Nebraska's Legislature Tuesday overrode the governor's veto of a bill increasing the salary of Republican Lt. Gov. Dwight Burney from $1,744 to $3,000 a year.

Sen. Terry Carpenter's motion to pass LB639 notwithstanding the disapproval of Democratic Gov. Ralph Brooks carried 30-10. Only 26 "aye" votes were needed.

Moments later, however, the Legislature sustained the governor's veto of a second salary bill, LB516 which would have boosted the pay of the 3 judges of the Nebraska Workmen's Compensation Court from $7,200 to $8,500 a year.

Eighteen senators voted to override on LB516, and 22 voted against.

Russillo Motion

Sen. Michael Russillo of Omaha made the motion to override on LB516, a bill introduced originally by Sens. Stanley Portsche of Lincoln and William Moulton of Omaha. LB639 was introduced by Sen. David Tews of Norfolk and had received 34 favorable votes on its final showdown test.

In vetoing the salary measures, Gov. Brooks said he viewed the vote of Nebraskans last November in rejecting pay increases for legislators "as a demonstration of their sentiment with reference to salaries of other constitutional officers.

"Until such time as the people of Nebraska authorize salary increases for the legislative body, this office cannot look favorably upon salary increases for others," Brooks told the Legislature.

Veto Own Raise

The governor said he proposed even to veto a pending bill to raise the governor's pay from $11,000 to $14,000 a year, should it ever reach his desk.

Gov. Brooks said he recognizes that state employes are underpaid but until a civil service system is established for state employes, he opposes salary revisions "on a piecemeal basis."

Sen. Carpenter, in the only floor speech incidental to the veto matter, told colleagues that if they do not override the veto on the lieutenant governor's salary, he would move to kill all pending salary bills.

Carpenter agreed that most state employes are underpaid but said mere adoption of the civil service system would not correct the situation. If Gov. Brooks feels employes are underpaid, Carpenter said, he has a responsibility to go before the budget committee and seek the additional money needed.

'Nobody Would Get'

If pay raises are deferred until senatorial salary raises are approved by the people, "nobody in Nebraska is going to get a raise in the foreseeable future," Carpenter said.

He praised Lt. Gov. Burney for the "dignity, decorum and impartiality" he has brought to the office, and said the show of thrift would only "cheapen the office."

The gubernatorial vetoes were the 4th and 5th of the current session. Two of the vetoes have been overriden.

Corn Planting Week Behind Schedule

Wheat Needs Warm Weather

The weekly crop report released Tuesday showed corn planting in the state running 5 days to a week late due to cold and rainy weather.

The report, made by the State-Federal Division of Agricultural Statistics, said normally 30 to 35% of the crop should have been planted by last Saturday. Only slightly more than 15% has been planted.

Planting progress has been fairly good in the western part of the state with much delay registered in the east, central and southeastern counties. Rains over the weekend again delayed planting scheduled for this week.

Cold weather continued to hold back crops and pastures during the week. Winter grain crops seemed to develop best, the report said, but they need sunshine and warm weather. Frost hit many sections of the state last week with tender garden crops and alfalfa suffering slight damage.

Spring oats and barley have a good stand, but growth has been rather slow and color indicates need for sunshine and warmth.

Pastures and hay meadows picked up some during the week with livestock moving to new green feed in increasing numbers. More than the usual amount of hay and supplements have been fed to livestock this spring due to the slow start of new pasture feed.

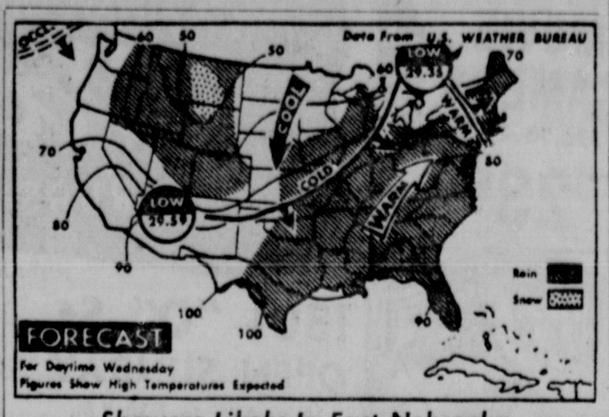
Livesock, the report said, continue to make good progress with the calf crop off to a good start.

Rainfall thoughout the state ending Monday included:

East			
Grand Island	.84	Norfolk	.06
Lincoln	.98	Omaha	.18
Central West			
Burwell	.16	North Platte	.62
Imperial	.12		

Rainfall by sections from the beginning of the growing season on April 1 as compared to the longtime average includes:

Southeast—6.37 inches (1959); 4.46 inches (average).
Northwest—3.63; 3.23.
North Central—3.36; 3.49.
Central—4.29; 3.52.
East Central—7.53; 4.06.
Southwest—2.68; 3.44.
South Central—5.17; 3.77.



Showers Likely In East Nebraska

Wednesday's precipitation is expected to include scattered rain over most of the eastern half of the country and snow or rain, depending upon local elevations, over mountain areas of the western half of the nation. It should be warmer for the entire eastern seaboard and most of the west coast states; continued mild over the Gulf region; and cooler or continued cool elsewhere. **(AP Wirephoto Map)**

Demos Have Good Word For Benson

Group Says Ezra Only Reflects Bad GOP Ag Policies

Washington (AP) — A Democratic group—that's right, Democratic—had a good word for Republican Secretary of Agriculture Ezra Taft Benson. It said he shouldn't be made "too great a whipping boy."

The Democratic Advisory Council, not usually given to kindly expressions about members of the Eisenhower administration, said "a myth has developed in recent years . . . that farm misfortunes since 1952 are readily explained in terms of a single man"—Benson.

But reading further in a new council pamphlet, you find there's a method to this apparent political madness: The Democratic advisory group isn't saying Benson is good, but that GOP farm policy is bad, and that Benson reflects it.

"There can be no question that Benson has been the most spectacularly unsuccessful Secretary of Agriculture in the nation's history," the Democratic Council said.

'Mistake'

"It is a great mistake, however, to make him too great a whipping boy or to suppose conditions would have been much different under any other Republican secretary . . . .

"Let there be no mistake. What has been called the Benson position on farm price supports is, in reality, a well entrenched Republican position and one that has been with us for many years."

This damning-with-faint-praise treatment of Benson was included in an 8-page pamphlet entitled "the democratic approach to the farm problem." It is the first in a series on domestic policies.

The FAM Pamphlet was prepared by the council's Advisory Committee on Eonomic Policy, headed by Harvard economist John Kenneth Galbraith.

Serving on the council itself are such Democratic leaders as former President Harry S. Truman and Adlai E. Stevenson.

The pamphlet said President Eisenhower's administration has followed "a negative and bankrupt farm policy."

"Apart from the price support program," the council said, "the Republican years in agriculture have been ones of drift and negation punctuated by occasional outbreaks of guerrilla warfare on progressive legislation."

As an alternative, the Democratic group proposed a 6-point program, featuring efforts to expand the demand for farm products at home and abroad.

"Here a sound farm policy is dependent upon a program for full employment and economic expansion, a sound foreign trade policy and a policy of providing effective help to needy people abroad," the council said.

Retiring Teacher Honored

Miss Laura Hartwell (right), who is retiring after over 40 years in a teaching career, was honored at an open house given by the PTA of Saratoga School, where Miss Hartwell has been a first grade teacher for 32 years. Reds Won't Let American Newsmen Enter Mainland

Washington (AP)—Asst. Secretary of State Walter S. Robertson says the Chinese Communists proposed to send 26 unknown persons to this country as the price for admitting U.S. newsmen to mainland China.

Robertson told the House Foreign Affairs Committee the only reason why 29 U.S. newsmen with passports for Red China "aren't there is because the Chinese Communists won't let them come."

Questioning Robertson in closed session April 21, committee members told him the charge is still being heard that the State Department will not allow U.S. newsmen to go to Red China.

He said the United States has issued passports good for travel in Red China to 29 newsmen but those who have applied to the Chinese Communist government for entry visas have been turned down.

'Reciprocity'

"It was charged by the Chinese Communists that we would not grant them reciprocity," Robertson said. "What they meant by reciprocity was that we should lift our passport regulations and grant 26 visas to 26 unknown people without individual application . . .

"Every foreigner who comes into this country has to make application for a visa. These people refused to do what all others are required to do . . . not a single Communist Chinese newsman has yet made an application for a visa."

Young Mall Petitioner Getting Rabies Vaccine

Fifteen-year-old Margaret Salstrand took time off from her petition campaign seeking a permanent mall for downtown Lincoln Tuesday and began a 2-week series of rabies vaccine shots.

Margaret

"It didn't hurt very much," she said after Dr. Herbert Ahrens administered the first injection of the 14 she'll need to safeguard against a May 8th dog bite.

"I've had a lot of shots before, but I guess I was pretty scared this time," she said.

Margaret's mother, Mrs. Margaret D. Salstrand of 3131 So. 25th, said Margaret "was a little reluctant" to begin the series, but "she finally realized how important those shots are."

Margaret was bitten by a stray dog, possibly a "mixed Shepherd" when she attempted to pet him. Humane Society officials pressed a search for the dog, but it could not be located. "We are still looking, however," Society Director Harold Deacon said Tuesday.

Mrs. Salstrand said Margaret is the 3rd of her children to be bitten by a stray dog within the last year or so. George, 14, and 4-year-old John were both bitten earlier, but the dogs had not developed rabies.

Dr. Ahrens said the girl will be given the new rabies treatment, which is less painful than the old method.

Week To Go On Money Measures

Sen. Otto Liebers of Lincoln, chairman of the Budget Committee, informed his fellow lawmakers Tuesday that they have exactly one week in which to act on so-called "money" bills in order to get them in the budget bill.

This means, he said, that bills calling for appropriations of state funds acted upon after next Tuesday will have to be handled on the floor individually with attempts made to amend the overall budget bill to include them.

Demo Solon Says Ike's $3.9 Billion Aid Program Needs Drastic Surgery

Washington (UPI) — Chairman Otto E. Passman of the House Foreign Aid Appropriations subcommittee said President Eisenhower's $3,900,000,000 aid program is "grossly inflated" and needs drastic congressional surgery.

He sounded the warning as the subcommittee opened 6 to 8 weeks of closed-door hearings on the money bill. The Louisiana Democrat claims credit for chopping nearly 3 billion dollars from the President's aid requests over the last 4 years.

Passman said the subcommittee would go through the new program item by item to keep "waste, extravagance and inefficiency" to a minimum.

'Bosses'

He accused "bosses" of the aid program of seeking "blank check" spending power "while avoiding any valid accounting for their operations."

Passman's statement came as Rep. Harris B. McDowell Jr. (D-Del), a member of the House Foreign Affairs Committee, announced he would seek a 4-year extension of the aid program's development loan fund. It now operates on a one-year basis.

McDowell said the change would permit directors of the foreign aid program to engage in long-range planning. He also said it was in line with proposals by some Senate Democrats to put more emphasis on economic aid and less on military assistance.

Possible Cuts

McDowell said the Foreign Affairs Committee also was looking for possible cuts in the President's program. But he said extreme care would be taken to make sure that "critical aspects" of the program were not endangered.

Rep. Wayne L. Hays (D-Ohio), a committee member, has announced he will try to cut 500 million dollars from military and defense support aid. But he also plans to ask for a 200 million dollar increase in money for the development loan fund. The President is seeking 700 million dollars, the amount he got last year.

State's Costs In April $9,554,032

April costs for state government were $9,554,032, the state tax commissioner's office has reported.

The costs compare to $9,637,440 for March and bring total expenditures this biennium, which ends June 30, to $240,546,618.

The general fund expenditures were $2,911,978 hiking the total this biennium to $59,497,588.

From cash funds, $2,764,118 was spent increasing the total to $86,466,740.

Federal fund expenditures amounted to $3,088,638 bringing the total to $74,899,556.

Another $129,321 spent from the building fund levy increased spending this biennium from this fund to $5,003,431 and from the special levy fund $659,976 was spent, increasing the total this biennium to $14,679,618.

SOUND, RATIONAL THINKING ON RACIAL PROBLEMS URGED

An Omaha civic leader called on Lincoln Rotarians to exercise sound reasoning and rational thinking in dealing with racial problems.

"Too many persons tend to assign to a whole race the characteristic they observe in one or two people," George H. Robinson of Omaha, told the group Tuesday.

Speaking about the problems of his own particular race, Robinson, executive director of the Omaha Urban League, said a person seeing a Negro while traveling through a slum area often makes the observation that Negroes cause slums. People tend to forget that slums were there a long time before Negroes came, Robinson said, citing Omaha as an example.

'Short Cut'

This type of "short cut thinking" has left many other false impressions about the Negro race, Robinson said. He listed 4:

1. Negroes are poor workers.
2. Negroes want social equality so they can intermarry.
3. Negroes are dirty.
4. Negro ownership causes property prices to decline.

These and other false impressions have created a constant problem for the Negro, Robinson said.

"Negroes can move across the nation but they can't move across town," he said.

Castro Aide Fined

Havana (AP) — The military tribunal trying war criminals at La Cabana fortress summoned Prime Minister Fidel Castro's defense minister as a defendant. Augusto Martinez Sanchez was fined 10 pesos ($10) by his own military judges for failing to answer a summons as a witness.

Ex-Red Cloud Mayor Is Dead

Red Cloud, Neb. (AP)—Lee Johnston, 70, former mayor of Red Cloud and widely known court reporter, died Tuesday at a McPherson, Kas., hospital. He had suffered a stroke while visiting a son. Johnston had been a court reporter for 35 years. His widow and the son survive.

Weaver Hits Nike Site Doubt

Might Affect 2 State Batteries

Washington (AP) — Rep. Phil Weaver (R-Neb) Tuesday criticised the Senate Armed Services Committee for recommending repeal of construction authorization for 50 Nike-Hercules batteries.

Weaver said he does not consider the action militarily sound because, he said, it would in effect destroy the country's internal anti-aircraft system.

His comment was on action by the Senate committee last week in deleting $17,332,000 of the $22,413,000 requested in the military construction authorization bill as new authority for extension and improvement of the Nike system.

Affect Bases Here

A report on the bill said the committee proposes to repeal authorization for construction of 50 Nike-Hercules batteries at 25 locations within the United States and 8 in Hawaii. Proposed installations at Lincoln and Omaha, Neb., would be affected.

Omaha district headquarters of the Army Engineers Corps reported that preparatory construction at the 4 Omaha-Lincoln Nike sites is underway, and will continue.

Bid-letting for actual construction, scheduled for late June, is also planned to continue on schedule, unless official Congressional action takes place.

Obsolete

The committee said the Nike-Ajax, Nike-Hercules system is virtually obsolete and that further expenditure to expand the system, except in overseas areas where it might have a tactical value, is unwarranted.

Weaver pointed out that the House Armed Services Committee had approved the total amount for the program.

The senate committee's action will be subject to approval by the senate.

Bomarc Doubted

Weaver's comment on the Senate committee's action was: "It seems to me to be highly unsound to discard something we know will work (Nike) for something which military experts have told the Appropriations Committee will not work and has not worked (Bomarc).

"This does not seem to be militarily sound to cut so sharply the internal anti-aircraft security system. At best, if it works, the Bomarc system is at present merely a perimeter system."

He added that: "The internal defense against aircraft attack is the Nike family and this is a proven defense. Bomarc is not a proven defense."

A source close to the House Appropriations Committee said that that group is sharply cutting Bomarc funds, and have issued sharply critical statements on the newer missile, in sharp contrast to the Senate committee's action in recommending a deep slash of Nike base funds.

Town Talk

—We're still chuckling over the story Mr. and Mrs. E. J. Faulkner tell of their experience at The Music Man. Indicentally Mr. and Mrs. Faulkner have just arrived home from a two week stay in the east — Philadelphia, Absecon, N.Y.—and New York.

The night Mr. and Mrs. Faulkner chose to attend The Music Man was a bit unfortunate — The house almost was a sell-out and the only seats available were in the very front row — as close to the orchestra pit as one could be and not be in it. The Faulkners suffered through the 76 trombones, the blaring horns, and were close enough to see the beads of perspiration on the brows of the actors — They didn't miss a thing — not even the drummer. The gentleman with the drums and the cymbals was reading a book. Could he be boning up on his work? The suspense was terrible — Would he miss a cue? Would he miss at the wrong time with the wrong note? But the drummer never missed a beat. Unable to stand the strain any longer, Mr. Faulkner leaned over and asked the drummer what he was reading. The drummer, it seemed, was having his own moments of suspense. He was only half way through an Alfred Hitchcock thriller.

* * *

—It was an exceedingly interesting trip from which Mrs. George G. Swingle has just returned. Mrs. Swingle went to St. Louis to attend the 30th annual meeting of the National Council of Garden Clubs. But the affair was more than just an annual meeting this time—The group dedicated a $500,000 permanent Council home in the Shaw Gardens.

En route to St. Louis Mrs. Swingle stopped in Kansas City just long enough to be joined by her sister, Miss Cylene Parrish who made the trip to St. Louis with her.

* * *

—And speaking of interesting places and interesting activity—Mrs. Norman Shaw and Mrs. William Gilliland have gone to San Juan to attend the Pablo Casales Music Festival. They plan to return home early next week.

* * *

—On the guest list this week are Dr. and Mrs. Charles Harms of Great Falls, Mont., formerly of Lincoln, who are visiting relatives and friends in town. Dr. and Mrs. Harms will be honored at an open house between the hours of 2 o'clock and 5 o'clock on Sunday afternoon, at the home of Mrs. William Pieper. All friends are asked to attend without further invitation.

* * *

—Also in our guest book—for the week end—are the names of Mr. and Mrs. H. Lewis Rietz of Houston, Tex., who will be the Friday-to-Monday guests of Mr. and Mrs. E. J. Faulkner.

Open House

An open house and coffee was held on Friday morning at the Lancaster County Community Emergency Shop.

Guests invited for the affair included members of Lincoln Church groups and other Lincoln residents who have made contributions to the continuing success of the Emergency Shop.

In charge of arrangements for the open house were Mrs. Sidney Anderson and Mrs. Freeman Everett.

MISS TONI STEPANEK

Betrothals of Interest

Dr. and Mrs. Gilbert F. Unterseher make announcement this morning of the engagement and approaching marriage of their daughter, Elaine Joy, to Gary Lloyce Duncan, son of Mr. and Mrs. Leslie L. Duncan of Clearwater, Kan.

The wedding will take place on Sunday, May 31, at the Hyde Park Evangelical United Brethren Church in Wichita, Kan., and the ceremony will be solemnized at 2 o'clock in the afternoon.

Miss Unterseher is a graduate of the University of Nebraska where she is a member of Delta Gamma sorority, Sigma Alpha Iota, Pi Lambda Theta and Pi Kappa Lambda. She now is a graduate assistant in piano at the University of Wichita.

Mr. Duncan also is a graduate assistant at the University of Wichita of which he is a graduate, and will receive the commission of lieutenant in the Air Force on May 31. Next year Mr. Duncan will be a member of the Wichita public schools faculty.

Announcement is being made this morning of the betrothal of Miss Toni Stepanek, daughter of Mrs. Orin Stepanek and of the late Prof. Stepanek, to Price M. Collins, son of the Rev. and Mrs. P. M. Collins of Coatesville, Pa.

Plans are being made for a June wedding.

Both Miss Stepanek and her fiance have attended Swarthmore College, Swarthmore, Pa., and will make their home in New York City following their marriage.

MISS ELAINE JOY UNTERSEHER

Brides Book

Miss Jody Carlson of Omaha was honored on Sunday, May 17, at a pre-nuptial courtesy given by Miss Judy Mueller. The 2 o'clock to 5 o'clock affair was held at the Mueller home and during the afternoon a linen shower was presented to the bride-elect.

Included among the 20 guests were Delta Gamma sorority sisters of the honoree and hostess, and attending from out of town were Mrs. Ernest Carlson, Miss Nancy Carlson and Mrs. Harry Weigel, all of Omaha.

Miss Carlson and her fiance, Robert Alan Weigel, have chosen Saturday, May 30, as the date for their marriage.

A June bride-to-be, Miss Connie Jones, has been honored recently at a number of pre-nuptial parties.

Last Saturday evening, May 16, Mrs. Waldo H. Mengel and Mrs. Don Christle were hostesses at a dessert-supper and personal shower honoring Miss Jones. The affair was held at the Mengel home.

The laboratory technicians at Bryan Memorial Hospital entertained for the bride-elect at a diner party and kitchen and linen shower on Wednesday, May 13.

Other recent courtesies for Miss Jones include a dessert-supper and kitchen shower given by Miss Ruthie Martin on Tuesday, May 12, and a dessert-supper and miscellaneous shower for which Mrs. Allen Lewis was hostess on Monday evening, May 11.

Miss Jones has chosen Friday, June 5, as the date for her marriage to Stephen L. Girardot. The ceremony will be solemnized at Westminster Presbyterian Church.

Anchors Away For Navy Families

One would think that the entire Naval fleet was sailing from Lincoln in June from our news of all the Naval officers who are being transferred to new duty stations in the very near future.

Cdr. Arthur Berry, commanding officer of the Naval Reserve Training Center, Mrs. Berry and their son, Michael, will be leaving June 20 for their new home in Norfolk, Va.

Cdr. and Mrs. J. P. Edwards and their children, Terry, Chris, Andy and Sally, will settle temporarily in Washington, D.C., while Cdr. Edwards attends Military Aids Group School in Arlington, Va. Then, in August, they will make their home in Athens, Greece.

Lt. Cdr. and Mrs. P. E. Russell and their children, Connie and Paul, will depart on June 12 for Cdr. Russell's new duty station in Corpus Christi, Tex.

And New London, Conn., will be the new home of Lt. and Mrs. P. F. Hughes and their children, Mark, Scott and Natalie.

As to the courtesies for the departing couples — the list is ever lengthening.

This morning Mrs. Berry will be honored at a farewell coffee for which Mrs. Conrad Fisher and Mrs. James Roberts will be hostesses. Twenty-five wives of Naval and Marine Officers have been invited to the Roberts home for the affair.

On Friday evening the officers of the Naval unit at the University of Nebraska and their wives will entertain at a no-host dinner party given for Cdr. and Mrs. Edwards, Lt. Cdr. and Mrs. Russell and Lt. and Mrs. Hughes.

The party will be held at the home of Cdr. and Mrs. Edward L. Walls.

Mrs. Thomas A. Donovan and Mrs. James R. Hansen will be hostesses on Thursday, May 28, at a coffee honoring Mrs. Edwards and Mrs. Berry. The morning affair will be held at the Donovan home.

A canape party and patio dinner honoring Cdr. and Mrs. Edwards will be an event of Saturday, June 6, when Dr. and Mrs. George Underwood entertain at their home.

Twenty-eight guests have been invited for the 6 o'clock affair.

Cdr. and Mrs. Berry will be honored on Saturday, June 13, at a party given by the Naval reserve officers and their wives.

Abigail Van Buren

Pick The Right Buddy

Dear Abby . . .

DEAR ABBY: You sure gave that girl a bum steer when she wanted to know if she should accept an engagement ring by mail. I was overseas in '42 and wanted to nail my girl down with an engagement ring, so I sent it to my best buddy at home and asked him to slip it on her finger for me. He did. But he didn't stop there. He ended up by marrying my girl.

VOICE OF EXPERIENCE

DEAR VOICE: That was your fault. You should have known better than to send a rabbit to the store to bring home carrots.

☆ ☆ ☆

DEAR ABBY: I've been married to a church-going hypocrite for nine years. I made my first mistake when I agreed to live with his mother. She's divorced, has a large comfortable home and my husband is her only child. She calls herself a Christian but is cruel beyond description. She told me she wished God would take her son as he'd be better off dead than married to a woman who can't give him children. The doctor says I've kept having miscarriages because I am in a constant nervous state. I'd dig ditches or scrub latrines if I could move out of this house, but my husband feels he owes his mother more than he owes me and he likes the money we're saving. What would you do?

LAST STRAW

DEAR LAST: A man should not be forced to choose between his wife and his mother but in this case I'd throw the book at him. The Bible. "Therefore shall a man leave his father and his mother and shall cleave unto his wife." (Genesis 2: 24.)

☆ ☆ ☆

DEAR ABBY: My husband served time in a Federal Penitentiary. He is free now. His favorite sport was hunting. What I want to know, is he allowed to get a permit to own a gun? Some say "yes" and some say "no." I'd appreciate an answer. EX-CON'S WIFE

DEAR WIFE: The Law varies in different states. It's easier to own a gun in Texas than it is in Illinois.) Get in touch with your District Attorney and let him acquaint you with the local law.

☆ ☆ ☆

DEAR ABBY: Some cheap neighbors of ours bought a mailbox without a flag because they got a bargain, so they use our mailbox to put their outgoing mail in. I didn't mind this until I saw her looking over my mail as she was putting hers in our box. Then later she'd ask me what did so and so have to say? Do you think it would be nervy of me to ask her not to use our mailbox any more? The lady across the road said she had the same trouble with her. PROBLEMS

DEAR PROBLEMS: Mail is a private affair. Tell her you'd prefer that she not use your mailbox and suggest that her husband devise some makeshift flag system for their own box.

☆ ☆ ☆

DEAR ABBY: There is a little store near us where I have traded for five years. I run a little bill and usually pay at the end of the week. Sometimes I leave a slight balance if I am short. The owner of this store is a man in his fifties. Lately when I go to the store he pats me here and there. I am married and have a family. Sometimes I catch him looking me over. He said once I shouldn't worry about running a bill as my credit was good with him and maybe we could make "a deal." What do you suppose he meant by that?

WONDERING

DEAR WONDERING: Never mind what he meant. Do not run any bills with him. Just RUN!

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, enclose a self-addressed envelope.

The Legend of The DOGWOOD TREE

The world is filled with beautiful things. It well could be that you have paid special attention to some of the beauty if you have passed by the vicinity of 27th and Garfield. You might even have wondered about the tree within the picket fence — a tree that is a little bent and not very large, but is spectacular because of its mass of white and beautiful blossoms. It is a dogwood tree about which there is a legend — one which you may like to know — and here it is:

"There is a legend that at the time of the Crucifixion the dogwood had been the size of the oak and other forest trees. So firm and strong was the tree that it was chosen as the timber for the cross. To be used thus for such a cruel purpose greatly distressed the tree and Jesus, nailed upon it, sensed this and in His gentle pity for all sorrow and suffering said to it: Because of your regret and pity for My suffering, never again shall the dogwood tree grow large enough to be used as a cross. Henceforth it shall be slender and bent and twisted and its blossoms shall be in the form of a cross — two long and two short petals. And is the center of the outer edge of each petal there will be nail prints, brown with rust and stained with red, and in the center of the flower will be a crown of thorns, and all who see it will remember."

The Star In Suburbia

News of a farewell, new residents and a party or two, all to be found on this Wednesday morning's suburban agenda.

COUNTRY CLUB TERRACE

Understand that Dr. and Mrs. Leo Biehl and their three children moved from Lincoln last Friday to make their new home in Iowa.

And moving into the former Biehl home at 3820 Dunn are Mr. and Mrs. Russell N. Fish—but more about the newcomers next week.

A birthday celebrant in the suburb this week was Miss Brenda Brestel, daughter of Mr. and Mrs. Merle O. Brestel. In honor of her fourth anniversary, Brenda entertained at a party held at her home on Sunday, May 17.

Included among the guests invited for the afternoon were Charlene Savidge, Lynn Kubitschek, Sherry Hecker, Pam Krenk, Sally Thurman, Lori and Sonja Stiehl, Greg Poole and Brenda's brother and sister, Brad and Bethy.

Mention of Mr. and Mrs. Brestel reminds us that on Saturday evening they had as their guests newcomers in the neighborhood, Mr. and Mrs. Fred Salmon.

INDIAN VILLAGE

Joining the members of the bassinet brigade in Indian Village this week was Mark Gregory Tolar, son of 1st Lt. and Mrs. Roland Tolar, who was born at Lincoln General Hospital on Wednesday, May 13. Eagerly awaiting Mark's homecoming is his brother, Scott.

The young man's paternal grandfather is J. W. Tolar of Maywood, Ill., and Mr. and Mrs. O. E. Carlson of Lincoln are the maternal grandparents.

As is so often the case in Air Force families Lt. Tolar is on TDY at present, but there's something to be said for mental telepathy for Lt. Tolar put in a long distance call to his family the evening his son was born.

A warm welcome this morning to Mr. and Mrs. Herbert F. Holstein who moved to Indian Village early in May. The address of the Holstein home is 1520 Cheyenne.

Understand that Mrs. Holstein has been active for a number of years as assistant state 4-H Club leader.

We Hear That

Mrs. P. N. Kelly returned to Lincoln early this week after a two-week vacation in the East. Mrs. Kelly visited her son and daughter-in-law, Mr. and Mrs. Gene Kelly, and her grandson, Nicky, in Pittsfield, Pa.

Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

The second-time mother has a certain "old-hand-at-the-game" confidence in caring for the new arrival. Her real challenge is how to give baby #1 the sense of security he needs, now more than ever. One common sensible suggestion from a baby nurse: "It's a good idea to play down the new baby and play up the toddler during the first few months. If 'fussing over' the new baby is kept down to a minimum, the older child will feel less left out."

•

Second baby coming your way? Just a word to remind you that when the doctor specifies Vitamin C, your new baby will enjoy these special starting juices: Gerber Strained Orange Juice and Apple Juice. The Orange Juice is made from tree-ripened fruit and is rich in natural vitamin C. The Apple Juice has a delightful flavor and is fortified with vitamin C. If you've a toddler, he will enjoy Gerber Strained Pineapple Grapefruit and Orange Pineapple—both enriched with vitamin C.

When baby starts on solids, don't forget that Gerber Cereals provide needed calories, vitamins and minerals in easy-to-digest form. 5 varieties, delightful for babies and toddlers.

•

Nursery notes. If dad intends to repaint the nursery furniture, make sure he gets non-toxic paint, the kind made especially for children's furniture. You know how babies will gnaw on anything. P. S. It's a good idea to move a toddler from his crib to a larger size bed at least two or three months before cherub #2 arrives.

•

8 ways to give your baby strength and help promote his growth. Gerber Strained Meats are a veritable treasure-trove of protein. Made from selected Armour cuts, they're specially processed to preserve true meat flavors. Most of the fat and coarse tissue is removed for easy digestibility. For toddlers, Gerber has a brand new meat variety. Junior Chicken. Delicious. Gerber Baby Foods, Fremont, Michigan.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures gives you. —Falls City Has Rough Night—

Hohn Leads Beatrice To Twin Rivers Title

By Al Beebe

Beatrice—It was a terrible night for Falls City as Beatrice romped to the Twin Rivers Conference track championship behind ace Bob Hohn here Tuesday night.

Five of the 8 league records which Falls City athletes held or shared were wiped off the books. Beatrice did all the record-breaking, including a pair by Hohn.

In addition, Nebraska City won the final event, the 880 relay, to edge Falls City out of 3rd place by half a point.

Only bright spot for the Tigers was the shot put, where Larry Stednitz won with a 49-10½ toss. The 4th place man was only 4½ inches behind.

Hohn set new hurdle marks of 14.9 and 20.2 on the somewhat slow track. The state meet double Gold Medal winner also won the broad jump and was in a 4-way tie for first in the high jump.

Hohn anchored Beatrice's mile relay team, which set a new mark of 3:34.8. Third man on that squad was sophomore Tom Wright, who pulled the biggest upset of the night.

Wright whipped Fairbury's Art Hansmire in a 51.9 record 440 dash. Hansmire, who was 4th in the state Class A quartermile with a 50.3 clocking, could manage only 52.7 Tuesday night.

Paul Weinman got the other record for Beatrice with a 2:04.1 halfmile. Younger brother John Weinman won the mile in 4:46.3, after running a 4:38.9 for 5th in Class A at the state meet. Beatrice Freshman Wally Weeks was second in the Twin Rivers chase with a 4:49.3 effort.

3 BIG 8 VAULTERS CLEAR 15'

Norman, Okla., (AP)—Jim Graham and Aubrey Dooley of Oklahoma State and J. D. Martin of Oklahoma Tuesday became the first 3 Collegians in history to pole vault more than 15 feet in the same meet.

Their performances came as Oklahoma State beat Oklahoma 69-67.

Graham and Dooley soared to 15 feet 5 inches for new personal highs for the season and Martin cleared the bar at 15 feet 3¾ inches to become the 15th man in history to go over 15 feet.

Graham and Dooley also pushed into a tie for 5th place on the all-time world vaulting lists. They are now topped by only Bob Gutowski, world record-holder; Don Bragg, world indoor record holder, Cornelius Warmerdam, first of the 15-footers, and Bob Richards.

The 3 Oklahomans are the only collegians to vault 15 feet this season.

POINT BLANK

By Don Bryant

Sports Editor, The Star

Salute To Charley

This corner has no wish to delve into politics, so this brief note is not politically inspired.

But at the risk of opening Point Blank to some sort of investigation, I'm going to give Charley Moon a pat on the back.

Charley has been a sports figure in Lincoln and the State for many years—as a player, promoter and later state athletic commissioner.

I doubt if anyone in Lincoln—Scotty Dye would be in the race, no doubt—has stored as much sports memorabilia in his head as has the inimitable Moon.

It's hard to recall when I've had more fun than I did recently, listening to Charley outline the early days of Lincoln baseball. He's just as well versed in boxing and wrestling, too.

In my book, they don't come any better than Charley Moon.

Clean Bill

Big 8 brass at the recent confab, in conjunction with the track meet, apparently settled one issue: a school's regents qualify as members of the faculty.

The question came up when the Colorado regents fired Dal Ward as football coach, despite faculty et al recommendations to the contrary. Big 8-ers ordered an investigation and came up with the following report:

"The motion was made that the University of Colorado authorities be ruled in compliance with Big 8 rules when they transferred Dallas Ward from head football coach to professor of physical education, and further that the procedures involved in hiring of head football coach Sonny Grandelius were in keeping with conference provisions."

Agitation continued—and rightly so— for additional freshman competition, but nothing new was adopted at the meetings. Frosh gridders can play 2 games, frosh cagers 4. Other sports have been by-passed to date.

Standard Form

In another move, the faculty representatives put the league in line with the NCAA by adopting a "conference leter" which must be presented to a high school boy's parents during recruiting time.

Purpose of the letter is to set down exactly what the boy will receive in the way of scholarships or grants-in-aid and how the scholarship or grant will be renewed.

In the past a school would do its own informing, but now a standard form will go out to all Big 8 targets. One loop school has been promising 4-year rides which is not cricket.

The grants must be made on a year to year basis, according to the rules.

No Soap

One of NU Athletic Director Bill Orwig's resolutions didn't make the grade, but it's worth further consideration.

Bill proposed that the conference golf schedule be played in the fall.

"The players would be at their best after a summer of golf and the courses wouldn't be so crowded," Bill explained. "We could play non-conference opponents in the spring."

Additional expense was the main reason for the veto.

Indians Return To Top

Washington (AP) — Cleveland bounced back into first place in the American League by a half game Tuesday night, bumping Washington 5-2 while Chicago lost 2-1 to Baltimore.

Jim (Mudcat) Grant beat the Senators for the 7th straight time. Three Indian home runs and a two-inning relief job by Dick Brodowski clinched Grant's third win this season without loss, two against Washington.

Chicago had climbed into the lead Monday night, beating Washington while Cleveland lost to Baltimore.

Home runs by Rocky Colavito, Jim Piersall, and Woody Held paved the way for Grant.

Colavito's homer, his 12th of the year, came in the second inning and touched off a 3-run Cleveland rally which chased Washington starter Hal Griggs. Minnie Minoso singled and came around on a hit by Held and Hal Naragon's sacrifice fly. A single by Jim Piersall off reliever Tex Clevenger scored Held.

Washington scored in the second without a hit. Grant walked the first 3 batters. Roy Sievers came across on Jay Porter's sacrifice fly.

Piersall homered in the 5th and Held connected in the 6th, both off Clevenger. Porter's 9th-inning homer wrapped up Washington's scoring.

In his 7 innings, Grant limited the Senators to 5 hits. He yielded to Brodowski in the 8th when his right shoulder stiffened.

Chief String Jumps To 9

Lincoln Star Special

Burlington, Ia.—Lincoln ran its Three-I League winning streak to 9 with a doubleheader victory over Burlington here Tuesday night, 8-7 in an 8-inning opener and 10-5 in the nightcap.

Al Brice won his 4th game without a loss in the second game, but gave up his first earned runs of the year. All 5 runs were earned off Brice.

A 9-run explosion in the 8th gave the Chiefs the nightcap win. Burlington had a 2-1 lead going into that inning on solo homers by Ken Lindley and Spencer Scott. Lincoln's Bob Rous had also homered off Don Prince in the 4th.

But the Chiefs sent 13 men to bat in the 8th, and came up with 4 singles, a quartet of doubles, and homers by Deacon Jones with 1 on base and Don Meadows, also with a mate aboard. Meadows' blast came off reliever Dave Tomlan.

Burlington retaliated with a 3-run outburst in the bottom of the inning, but it was to no avail.

Back to back doubles by Chuck Lehman and winning pitcher Ron Teunis gave Lincoln the opening game win in the extra 8th inning. Teunis relieved Bob Wright to pick up his second win.

Jim Lynn, with a pair of doubles and 4 runs batted in, paced the Lincoln opening game hitting.

Dick Kimball (1-0) is slated to go tonight against the Bees' Harvey Branch (0-2).

Jap Team Gets First Mat Win

Mitsu Arakawa and Tosh Togo finally took a victory out of the Pershing Auditorium wrestling ring, but it took an assist from the Otto Von Krupp-Bob Konovsky team Tuesday night.

A crowd of 1,750 was on hand for the card.

After splitting the first two falls, Von Krupp took after Arakawa in the third session and started using him for a tackling dummy. But Mitsu ducked one tackle and Von Krupp sailed through the ropes.

Enroute to the ring apron, VonKrupp crashed into his partner, waiting for a tag, and Konovsky spun into the ring somewhat stunned. Arakawa promptly fell on him for the pin.

In the first fall Togo stopped Von Krupp in 12:16 with a judo chop and a body press. VonKrupp retaliated for a pin at 10:30.

Lord Littlebrook and Cowboy Bradley stopped Tiny Roe and Bull Brummel in a midget prelim, while Bradley whipped Brummel in a solo warmup match.

This was the first card staged by Promoter Jack Pesek in 6 weeks. Pesek said Tuesday night plans were underway for summer shows, but no dates have been settled.

Topeka Pummels Braves' Ace, 8-3

Cedar Rapids (AP) — Topeka handed 4-game winner Larry Maxie his first defeat Tuesday night in an 8-3 victory over Cedar Rapids in the Three-I League before 873 fans.

Don Pavletich paced Topeka with two homers, each coming with a man on base. Sid Goldfader and Gary Rushing each doubled and homered for Cedar Rapids

Cimoli, White Make Jackson's Job Easy

St. Louis, (AP) — Gino Cimoli's two-run homer and Bill White's 3 RBIs made it a lark for St. Louis pitcher Larry Jackson Tuesday night as he spaced 9 hits in a 8-2 Redbird victory over Pittsburgh.

The Cards, in 7th place but winners of 7-out-of 11 on their current homestand, stretched their modest victory streak to 3, their longest of the season. Oddly enough, all 3 victories were by 8-2 margins and in each game the Cards notched 12 hits.

Jackson came away with his second victory against 5 losses. Pittsburgh starter Ronnie Kline, now 3-2, lasted 4 innings, blew a 2-0 Pirate lead, and was tagged for 4 runs and 7 hits. R. G. Smith and Ron Blackburn worked in relief. Smith gave up two runs in the 5th and blackburn single runs in the 7th and 8th.

Pittsburgh grabbed a 2-0 lead in the 3rd. Bill Virdon hit a leadoff double, and scored as Kline singled. Don Hoak blooped a single, sending Kline to 3rd. The pitcher scored as Roberto Clemente hit into a double play.

St. Louis wasted no time tying. Alex Grammas singled in the 3rd but was forced by Jackson. Don Blasingame singled Jackson to 3rd but was out trying to steal second, Jackson sticking at 3rd. Then Cimoli—a right-handed batter notorious for hitting to right field—smacked a home run to right-center to make a 2-2 tie. It was his 4th of the year.

Indianapolis Fatality Is Second Of Year

Indianapolis (AP) — Bob Cortner, 32-year-old race driver from Redlands, Calif., died Tuesday night of injuries suffered a few hours earlier in a crash at the Indianapolis Motor Speedway.

It was the second death this year during preliminaries for the 500-mile race May 30.

This is the first year that two men have been killed during practice at the 50-year-old racing plant since 1937, when a mechanic and two spectators died.

Jerry Unser, 26, Lakewood, Calif., was injured fatally May 2 in the first of a series of 6 crashes this year. He died Sunday. Unser was the 49th and Cortner the 50th victims of the famed speedway.

Four of the 6 crashes this year involved rookie drivers. The 4 other drivers were only slightly hurt.

Cortner had completed his driver's test only Monday. After passing the final 130-mile-an-hour phase, he was permitted to drive as fast as he liked.

He was a former champion of the Bay City Racing Assn. circuit in northern California.

Johnnie Parsons of Los Angeles, 1950 winner of the race, was the official observer closest to the scene when Cortner's car smashed into the wall on the northeast turn.

Parsons said Cortner drove into the turn too high, was caught by a strong wind and spun into the infield. The car swerved back across the track and hit the concrete retaining wall almost head-on.

The new flat-engine car, owned and built by T. P. Cornis of San Bernardino, Calif., probably is beyond repair for this year's race.

Ten drivers have been killed on the speedway in the steadily increasing speeds since World War II. Six of them died in practice runs—Ralph Hepburn in 1948; George Metzler in 1949, Chet Miller in 1953, Manuel Ayulo in 1955, Keith Andrews in 1957 and Unser.

Last year's practice and qualifying period was without a fatality. However Pat O'Connor of North Vernon, Ind., one of the nation's top drivers, was killed in a 15-car pileup on the first lap.

Bill Vukovich, charging after his 3rd straight Memorial Day victory, was killed in a 4-car wreck in the 1955 race. Bill Cantlon, who smashed into the wall in the 1947 classic, was the only other driver killed in the race proper since World War II. That's not counting Carl Scarborough who collapsed and died of heat exhaustion in the 1953 event.

Cortner's car . . . in tough shape after smashing against retaining wall at Speedway.

Links To State On 3-2 Win

Lincoln High won its way into the State Class A baseball tournament by edging Central Ctiy 3-2 in a playoff at Muny Field Tuesday.

Bill Honnor atoned for a pair of errors, one of which helped Central City score its two runs, by hurling hitless relief ball for the final 2⅔ innings.

Central City got both its runs in the 5th to tie the game 2-2 on a walk off starter Don Burt, Honnor's error, a single and another error allowed both runs, but Honnor came in to strike out the side.

Tom Nystrom scored the winning run for the Links in the top of the 7th after he was hit by a pitched ball, advanced on Phil Gilbert's single, and scored on Mickey McGuire's fly ball.

Gilbert's double, a single by McGuire, an error and Gary Lindholm's double got the Links a pair of runs in the 4th inning.

...Belts Yanks

New York (AP) — Rocky Bridges drove in 3 runs with a pair of singles Tuesday night as the Detroit Tigers, bidding to escape the American League cellar, whipped the 7th-place New York Yankees 6-3. The Tigers can swap places with the World Champions by winning the finale of the two-game series today.

The defeat, 5th in 6 games for the Yankees, was hung on southpaw Whitey Ford (3-3), who was chased in a 4-run first inning. It was the first time Ford has been knocked out in the first inning in 4 years. The last tme was April 27, 1957, in a 13-5 defeat at Chicago.

Detroit now has won 5 in a row from New York, 3 this season. And it was the second over the champs this year by left-hander Don Mossi, who has lost his other two decisions.

Mossi gave up a dozen hits, 3 by Norm Siebern, while his mates managed just 8 off Ford and relievers Art Ditmar and Tom Sturdivant. The Tigers were blanked without a hit after Bridges' two-run single in the 4th.

Detroit, now just .025 percentage points behind New York, sent nine men to the plate in the first inning. Eddie Yost led off with a single and two walks loaded the bases with one out. Then a sacrifice fly by Gail Harris, singles by Bridges and Red Wilson and a double by Frank Bolling got the runs home as the Tigers won their 3rd in a row from Ford since May 1, 1956.

DODGERS END LOSSES, 6-4

Los Angeles (AP) — The Los Angeles Dodgers scored 4 unearned runs in the 6th inning Tuesday night and pulled out of a 5-game nosedive by defeating Cincinnati, 6-4.

The Dodgers moved back ahead of Cincinnati with the victory, pulling into a 3rd place tie with Chicago.

All except one of the Los Angeles runs were unearned.

Johnny Klippstein, who worked 2⅓ innings in relief and allowed no runs, scored his 4th victory against no losses.

Kearney, Islanders Tie For First In Relays

By Paul LeBar

Grand Island — Grand Island High retained its unbeaten record in the Grand Island relays for the 8th time here Tuesday night as the host school bade farewell to departing coach Jerry Lee.

The Islanders, winners of only 2 field events during the evening, managed to tie Kearney, 62-62, while both teams held off Columbus' late bid of 60½ points. Hastings was third with 55½, and Boys Town was last with 45.

Columbus, with junior dandy Tom Saunders adding speedy anchor laps to the mile and 880 relays, won the final 2 events of the evening but couldn't make up a 10-point deficit.

Kearney gained its tie for the title with a record breaking performance in the 400-yard low hurdle shuttle, a first place in the 2-mile baton event and a pair of firsts by Hart St. John.

Columbus, gunned by the irrepressible Saunders, won the 3 short relay events—mile, halfmile and quarter mile — plus a record tour of the 400-yard high hurdle shuttle.

Hastings gained a first in the mile medley argument, and Boys Town had a double winner in Jim Daniels.

Grand Island's only victories were by Junior Bob Martin in the shot put and by Steve Hansen in the discus.

Aaron's String Ends But Braves Win, 8-1

San Francisco (AP) — Hank Aaron's string of hitting in 22 straight games was ended Tuesday night but his Milwaukee teammates walloped San Francisco 8-1 with Wes Covington crashing a 3-run homer, a single and a double.

Young right-hander Joey Jay went the route for the National League leaders as he turned back the Giants' challenge and limited them to 7 scattered hits before 22,910 fans, largest crowd here this season.

Although hitless, Aaron scored twice, once after reaching base on an error and once after a walk. The NL batting leader struck out twice and flied to left.

First baseman Frank Torre was the only other Brave who didn't get a hit as Milwaukee clubbed a total of 11 this windy night.

Covington smashed his homer and catcher Del Crandall hit another as the Braves had a 4-run first inning en route to their second straight victory over the Giants. San Francisco went into the series Monday 2½ games behind but now trail by 4½.

O'Dell Beats White Sox With Homer

Baltimore (AP) — Southpaw pitcher Billy O'Dell batted from the right Tuesday night and won his own baseball game for the Baltimore Orioles with an odd inside-the-park homer to knock the Chicago White Sox out of first place by a 2-1 score.

O'Dell raced around the bases for his second homer in 5 seasons with Billy Gardner in front of him in the second inning. Gardner had drawn a walk from lefthand pitcher Billy Pierce.

O'Dell punched the ball down the right field foul line. Right fielder Al Smith came charging in, the ball bounced over his head and caromed around the curving wall.

Cubs' Rally Halts Phils

Chicago (AP)—The Chicago Cubs scored 3 runs in the 9th Tuesday to defeat Philadelphia and former teammate Taylor Phillips 8-7. Wally Post's two run pinch homer in the top half of the 9th had put the Phillies' ahead 7-5.

The Cubs set the stage for their 9th one-run victory in 17 games when Al Dark singled to open the 9th. Ernie Banks also singled, and both runners advanced on a wild pitch.

Moose Moryn fanned for the first out before loser Phillips walked Earl Averill to fill the bases. Humberto Robinson, who reported Monday after his purchase from Cleveland, replaced Phillips and watched Dark score as Willie Jones fumbled Bobby Thomson's grounder.

Jim Marshall, batting for Lee Walls, then stroked a 2 and 2 pitch to right field for a single enabling Banks and Averill to score the tying and winning runs for the Phillies' 7th straight loss.

Catcher Carl Sawatski's first homer of the year and his second double drove in the Phillies' first 4 runs and gave them a 4-0 lead in the 4th.

After the Cubs got to Gene Conley for their first run in the 6th and two more in the 7th, catcher Sammy Taylor smashed his second homer of the year, a tremendous wallop into the upper tier of the center field seats, to top off a two run 8th, giving Chicago a 5-4 edge.

Pirates Call Don Williams

Pittsburgh (AP) — The Pittsburgh Pirates Tuesday recalled right handed pitcher Don Williams from the Columbus, Ohio, club in the Class AAA International League. Williams appeared in 12 games at Columbus as a relief pitcher. He has no won-lost record for the season.

To make room for Williams on the Pirate roster, right handed pitcher Paul Giel was optioned to Columbus. He pitched 7 2-3 innings with the Pirates this season and has no won-lost record.

Williams pitched two years for the Lincoln Chiefs in the Western League, helping them to pennants as a reliever in 1956 and 1957. He won 15 games during the '57 season, all in relief. Last year he pitched for Salt Lake City in the Pacific Coast League under Larry Shepard, who managed Lincoln to the '56 and '57 pennants.

The pink and black colors of the Greentree Stable have appeared 19 times in the Preakness, Pimlico's annual 3-year-old turf feature.

NU Has Outside Chance For Title

Big 8 Standings

Missouri	3	9	.250
Kansas	3	10	.231

Nebraska's baseballers, sporting a 9-4 conference record after dumping Oklahoma in a 3-game set last weekend, go into their final 3-game series this weekend with an outside chance at the league crown.

The Huskers can take the conference championship by winning 3 from K-State, provided Missouri wins 3 from Oklahoma State.

Another possibility for a Husker crown, would be if Oklahoma State droped two to Missouri and had one game rained out, while NU takes 3 from K-State.

Kansas State (4-7) moves to Lincoln for a single game on Friday (3 p.m.) and a pair of 7-inning contests, Saturday.

Chants Named Pentathlon King

Revisions caused by a clerical error in submitting University of Nebraska pentathlon results moved Ord into the grand championship, Track Coach Frank Sevigne said Tuesday.

Marks credited to Larry Tomlinson, O'Neill St. Mary's, were the standards his coach had set for him rather than the marks he had made, Sevigne said. A secretary, in copying the the list, recorded the wrong one.

It moved Polk into the Class C championship. It did not affect the individual championship other than to drop Tomlinson from second to a tie for 11th place.

Tomlinson's shot record, originally listed at 56-8, was actually 55-4. This stands as a pentathlon record, still besting the 1953 heave of Fritz Davis, Lincoln Northeast, by one inch.

Archery Game Bill Is Okayed

Bow and arrow fishermen will be able to add game fish to their list of legal targets as soon as LB621 is signed by the Governor.

The Legislature passed the emergency bill by 39-1. It legalizes the taking by bow and arrow of game fish from April 1 to Dec. 1, the same dates as non-game fish. The sport is permitted from sunrise to sunset.

Also authorized under the proposal are regulations by the State Game Commission to permit fish traps and wing nets on the Missouri River east and south of the river bridge at Yankton, S.D.

Connor Recovering

Former Nebraska footballer Ted Connor is recovering in Lincoln General Hospital from recent surgery.

Connor, an All-Conference lineman for the Huskers in the early 1950s, is expected to be hospitalized at least another week.

Hartack Set Down At Garden State

Camden, N. J. (AP)—Jockey Bill Hartack was suspended for the balance of the Garden State Park meeting Tuesday for "unbecoming conduct" following the 6th race last Saturday.

The current 25-day spring meeting ends on Memorial Day. The ruling will keep Hartack out of two $50,000 added races, the Camden Handicap Saturday, and the Jersey Stakes May 30.

The incident which aroused the wrath of the stewards occurred after Hartack's mount in the 6th race Saturday Vegeo, did not break alertly.

Yank Attendance Nearly Doubles

New York (AP) — The New York Yankees, despite their poor showing in the American League pennant race, are up almost 100 per cent in home attendance.

A year ago, the Yankees were leading the league by 6 and a half games and had pulled only 119,104 customers through the turnstiles in 9 home appearances. In as many home dates this season, the Yankees have had 217,034 paid admissions.

Stan Drobac, Michigan State's tennis coach, was the Big Ten's singles champion as an undergraduate in 1953.

Chain Acquires Olympic Rights

New York (AP)—The American Broadcasting Co. (ABC) said Tuesday it has acquired the exclusive television rights for the 1960 Winter Olympics at Squaw Valley, Calif.

Thomas W. Moore, vice-president in charge of programming for the network, said ABC will telecast "live" and with tape, each of the 11 days of the games, Feb. 18-28.

R.G. Labor Act Again Spurned

By Betty Person

Sen. John Munnelly's attempt to revive Gov. Ralph Brooks' proposed state labor relations act, LB708, went down to defeat Tuesday when lawmakers voted, 13-27 against the motion to bring the bill out of committee.

The controversial measure had been killed 4-2 by the Labor and Public Welfare Committee following its public hearing several weeks ago.

Backers of the attempt to raise the bill contended that it was not a perfect measure and needed to be amended to make it workable, but asked that they be given "an honest and fair opportunity to work out a fair and just bill for both labor and management."

Leads Attack

Sen. Ray Simmons of Fremont led a spirited attack against the measure terming it "one of the most fascinating bills presented to the Legislature" and one "impossible of being amended."

Simmons, who headed the Legislative Council study committee which investigated secondary boycotts, then analyzed LB708 and cited provisions of the measure to which he objected.

Included among these were such provisions as:

—defining job applicants as employes for purposes of the act.

—not permitting an employer losing money to close down unless it would endanger his solvency.

—allowing employes to use the legal help of county attorneys, but not employers.

—an employer could not obtain temporary restraining orders against strikes and violence or against secondary boycotts.

Not Panacea

Simmons said a labor relations act was not an automatic "panacea" against any further labor trouble and cited labor problems in states such as Wisconsin, Michigan, New York and Hawaii which have labor relations laws.

Sen. Richard Marvel of Hastings said he would vote to revive the bill with the hope that something "constructive" could be done "about this entire emotional field."

He said raising the bill would be a "challenge" to both labor and management representatives "to sit down and be constructive about amending this bill to work out a fair labor-management relations act."

Sen. Sam Klaver of Omaha said he believed both labor and management had "indicated a willingness" to try to work out a good law. He quoted state AFL-CIO President Gordon Preble as having said the bill was not perfect and needed a lot of amending.

Hasn't Read

Sen. Terry Carpenter of Scottsbluff, who had signed the bill for purposes of introduction at the request of the governor, said he still had not read the bill.

He told the lawmakers he was opposed to reviving it on the grounds that those senators who advocated a secondary boycott bill, LB560, as the answer to labor problems should be proved right or wrong.

Sens. Don Thompson of McCook and Hal Bridenbaugh of Dakota City made strong pleas for a continuing study by a Legislative Council committee.

The vote on the motion to bring the bill to the floor:

Bill Giving Wheat Farmers A Choice Of Supports Gets Committee Approval

Washington (UPI) — The House Agriculture Committee voted to let the nation's wheat farmers choose between the price support theories of its Democratic majority and President Eisenhower.

By a vote of 20-11, the committee approved a bill that would let wheat producers decide by secret ballot whether they want higher supports and reduced plantings or low supports and unlimited production.

At the same time, the committee pulled back an earlier bill which would have ordered a wheat acreage cutback and provided higher price supports. This combination is favored by most Democratic farm lawmakers, but was shelved to make way for the referendum bill.

Republicans Opposed

Most of the committee's Republicans voted against the new referendum proposal. For one thing, the low price supports provided in it as a choice for the farmers would be somewhat under the props recommended by the President.

Eisenhower's plan would cut wheat supports from the current $1.81 per bushel to about $1.67 next year. Production controls would be relaxed in the first year and later dropped completely.

The committee bill would eliminate controls immediately and set price supports at $1.20 per bushel as one of the choices given farmers. The other choice would be price supports of about $2.15 per bushel, but planting reductions of 30%

Two-Thirds Majority

It would take a two-thirds majority in the wheat referendum to put the lower production-higher support plan into operation. Failing that majority, the low support-unlimited production plan would take effect.

The program would apply to the 1960 and 1961 crops.

The effect of the high support program would be to set props at about 90% of parity. Price supports for wheat are currently at 75% of the so-called "fair earning power" price level.

The parity level of the plan with no production controls would be 50%.

Democrats Propose Direct Cash Subsidy

The Democratic Advisory Council urged Congress to junk the present farm price support program for an agriculture-wide system of direct cash subsidy payments.

Calling for an end to "negative and bankrupt" GOP policies, the council rapped Republicans who thought it "smart politics" to oppose the direct payment plan when it was first advocated in 1949 by Democratic Secretary Charles F. Brannan. It said such opponents have made the public "pay heavily."

Mounting Storage Cost

Continuing of the present program of loans and crop purchases, it said, has meant not only reduced farm income but mounting taxpayer costs for storage of farm surpluses and higher food costs for consumers.

"We welcome the opposition of Republicans who say that such a program (of direct payments) is no business of the government. They have had their chance."

The pamphlet termed Secretary Ezra T. Benson the "most spectacularly unsuccessful secretary of agriculture in the nation's history" who has "abdicated" leadership by leaving the farm program up to Congress.

It added, however, that Benson's views are "only a well-entrenched Republican position." In the Republican opinion it said, "farmers should suffer, preferably in silence, and vote the Republican ticket."

Hadar Tavern Permit Suspended

The inside beer license for on and off sale held by George Hynek of Hadar has been suspended for 5 days, from June 1 to June 7, the Nebraska Liquor Control Commission announced.

The suspension followed Hynek's plea of guilty to selling, through his agent Mrs. Hynek, beer to a minor on April 5. A preliminary hearing was waived.

The commission also reprimanded Floyd L. and Velma A. Miller of Daykin, holders of inside beer and package liquor licensse, after finding Miller guilty of operating his premises while under the influence of alcoholic liquor March 19. There was no further penalty.

In another action, the commission granted an inside beer license for on and off sale to Herman Groves of Louisville.

Federal Jury Called

The Federal District Court at Lincoln has called a jury panel for service beginning June 2. Court officials said about 10 civil cases are pending jury trial.

Stock Averages A Little Higher

New York (AP)—The stock market nudged ahead irregularly Tuesday despite some weak spots.

An advance by Big Three motors, a rebound by tobaccos, and selective strength among steels, utilities, rails and oils helped push the averages moderately higher.

Sugar stocks with Cuban resources declined on news of the agrarian reform program in Cuba which appeared to prevent all but Cubans from holding shares in firms operating Cuban sugar plantations.

Gold shares, which have been advancing for two sessions, fell on profit taking. Profit taking also affected some of the recent wide gainers among electronics.

Gains and losses of key stocks generally ran from fractions to about a point. Losses of the sugar stocks ran as much as 3.

The Associated Press average of 60 stocks rose 70 cents to $229.70 with the industrials up $1.00, the rails up 70 cents and the utilities up 20 cents.

Of the 1,213 issues traded, gainers outnumbered losers by the narrow margin of 510 to 504. There were 57 new lows for the year and 54 new highs.

Volume was 3,170,000 shares compared with 2,970,000 Monday.

Ten of the 15 most active issues advanced, 4 declined and one was unchanged.

Corporate bonds declined on more active dealings.

U.S. government bonds rose slightly in quiet trading.

Bond sales totaled $5,840,000 par value.

May Rye Is In Brisk Demand

Chicago (AP)—Short interests in the May rye future showed unmistakable signs of nervousness Tuesday as they bid the price up in an effort to buy themselves out of a tight squeeze on the Board of Trade.

At times they offered, and paid, prices about 2½ cents above the previous close in order to cover commitments on which they probably would have found delivery of actual difficult.

With an open interest of well over three million bushels in the May contract and considerably less than a million bushels in deliverable positions here, shorts were decidedly on the defensive. The open interest at the start of trading was about equal to two days of normal transactions which appeared to tilt the market in favor of the longs.

At the close, though, prices had receded somewhat from the day's highs, indicating a good deal of evening up had taken place.

In the futures pits, wheat was ½-¾ cent a bushel lower, May $1.87⅞-⅞; corn ⅝-¾ lower, May $1.27¼-⅜; oats ⅛-⅜ lower, May 69½-¾; rye ⅛ higher to 1 cent lower, May $1.35⅜-½; soybean 1⅜ lower to ⅛ higher, May $2.30-30⅛.

Gromyko Refuses

Nuclear Test Talks Bump Into New Snags

Geneva (AP) — The Soviet Union Tuesday dashed Western hopes for a quick breakthrough toward Big 3 agreement on a suspension of nuclear weapons tests.

Foreign Minister Andrei A. Gromyko refused to commit his government to a proposal of the United States and Britain for a broad scientific study of the technical problems involved in any suspension.

However, the 3 atomic powers agreed to keep in contact for a further exchange of views on this subject.

Meet In Villa

Secretary of State Christian A. Herter and British Foreign Secretary Selwyn Lloyd presented the case for the 3-power scientific study at a midday meeting in Gromyko's villa.

The Westerners wanted an investigation of the problems of policing high altitude and underground atomic and hydrogen weapons explosions. They also sought the establishment of a technical standards of judgment as to when an on-site inspection of a suspicious disturbance would be warranted.

Gromyko endorsed only one part of the proposal—the part dealing with blasts at high altitude.

Stop Talking And Build Roads—R.G.

Gov. Ralph Brooks Tuesday urged Nebraskans "to eliminate dilly-dally and uncertainty, and proceed at once to build roads and stop talking."

The governor's message was relayed through Administrative Assistant Robert Conrad.

It came as a result of a continued fuss in Omaha over routing of the Interstate Highway through the city.

Construction of the Interstate is "definitely lagging," Brooks said.

Conrad said the governor has already promised property owners that they will be given ample notice if their property is to be taken, and ample notice again as to when it will be required.

"The governor has found that it is lack of information on the taking that is of foremost concern, rather than the actual taking itself," Conrad said.

Every property owner will be treated "fairly, openly, honestly and equally," Conrad said. "Every dollar to which owners are entitled under the law will be paid."

Food Retailers Rename Officers

Omaha (AP)—The Nebraska Food Retailers Assn. has re-elected all its executive officers. They are: Bob Weary, York, president; Forest Hutson, Lincoln, vice president; Nate Gimple, Omaha, secretary-treasurer; Ernest A. Peterson, Omaha, executive director; and Sam Poska, Lincoln, assistant executive director.

Don Battiato and Jack Knudsen of Omaha and Dwayne Kushner and Henry Reifsneider of Lincoln were re-elected to serve 3-year terms on the board of directors. Jack Newberg of Blair was elected to a 3-year term.

$4.6 Million Gas Suits Dismissed

Lawsuits totalling more than $4.6 million which had been filed by the Northern Natural Gas Co. against 7 gas producing companies were dismissed Tuesday in Lancaster District Court.

Northern Natural requested the action.

Atty. Robert Crosby, representing Northern Natural, said the suits will be re-filed in Delaware for "procedural convenience."

The suits are an outgrowth of a 1958 U.S. Supreme Court decision which invalidated Kansas and Oklahoma laws which set up a minimum price at which oil producers could sell their products.

Seeks Recovery

Northern Natural is now seeking to recover alleged overpayments made under the invalidated law.

Defendants in the dismissed suits and the amounts which had been sought from each were: Republic Natural Gas Co., $3,423,856.76; Warren Petroleum Corp., $598,560.11; The Texas Co., $271,084.28; Champlin Oil & Refining Co., $129,530.47; United Producing Co., $24,811.47; Gulf Oil Co., $16,906.72; and White Eagle Oil Co., $151,836.26.

A pending suit seeking $50,107.44 from the Pan American Petroleum Corp. will still be tried in Lincoln, Crosby said.

Bill For State Vote On Election Contest Passes

The Legislature passed and sent to the governor Tuesday a bill calling for a Nebraska vote next year on a constitutional amendment authorizing the Legislature to enact laws governing the method of contesting elections to executive offices.

The government committee bill, LB689, received 41-0 approval on final reading.

The measure grew out of the recent gubernatorial recount, which served to point up the inadequacy of present laws on the subject of election contests.

Two other bills were approved on final reading before noontime adjournment (E-emergency clause):

LB461 (Judiciary Committee)—providing method by which county attorney may obtain supreme court review of a criminal case. 31-11.

LB621 (Syas)—authorizing bow and arrow shooting of game fish from April 1 to Dec. 1, and authorizing Game Commission by regulation to allow use of fish traps and wing nets on the Missouri River (E). 39-1.

LB501—(Carpenter, Tews, Munnelly)—providing limitations on claims against an estate shall not apply to claims for taxes on personal property belonging to said estate. 42-0.

LB317 (Moulton)—rewriting and clarifying laws on voter registrations; allowing, photostating of original registration 42-0.

LB350 (Judiciary Committee)—enacting various refinements in corporation law as recommended by the Nebraska Bar Assn., including provisions to indemnify an officer of a corporation for expenses of any litigation forced on him by his connection with the corporation. 41-0.

LB613 (Portsche)—providing CPA's and public accountants, when not actively engaged in public accounting will not have to furnish a corporate bond or other liability insurance. 37-5.

LB644 (Peck, Claussen, Marvel)—increasing salaries of insurance actuaries and examiners. 26-14.

LB664 (Portsche)—placing motels under provisions of hotels and inns law. 42-0.

LB710 (Banking, Commerce and Insurance Committee)—providing that condemnee in a condemnation action may be paid up to 80% of money deposited by condemnar in a county court pending outcome of litigation. (E) 40-2.

Lewis Strauss Squeaks Through Committee, 9-8

Washington (AP)—The nomination of Lewis L. Strauss to be secretary of commerce squeaked through the Senate Commerce Committee Tuesday on a 9-8 vote.

The fight against him, which President Eisenhower has called mystifying, is by no means over.

Strauss

Strauss' unrelenting foe, Sen. Clinton P. Anderson (D-NM), made that clear in these words:

"When the hearing started, there were predictions that the committee would favor Mr. Strauss heavily. The one-vote margin today indicates how much the facts developed in the hearings reduced his support.

Scene Shifts

"Now the scene shifts to the Senate floor."

Strauss, around whose head has swirled thousands of words of praise and condemnation during the committee hearing, confined his comment to one sentence:

"I am grateful for the vote of the committee."

The committee's 6 Republicans and 3 of its Democrats voted for him. The 8 "no" votes were all by Democrats.

Eloquent Ogden Reid Wins Over 2 Senators

. . . Morse And Langer Back Him For Envoy Post

Washington (AP)—Young Ogden R. Reid won over at least two senators Tuesday to the view that he should become U.S. ambassador to Israel.

The Senate Foreign Relations Committee wound up hearings on the Reid nomination, but put off a vote until later, possibly until next Tuesday.

When it comes, the 33-year-old former president and editor of the New York Herald Tribune will have the newly gained support of Sens. Wayne Morse (D-Ore) and William Langer (R-ND).

Even-Tempered

The two listened while Reid offered an eloquent, even-tempered defense of his nomination in response to a long series of sharp questions from committee Chairman J. William Fulbright (D-Ark). Morse and Langer pronounced themselves impressed. Before that, Morse had been undecided. Langer had been opposed to Reid.

Another committee member, Sen. John F. Kennedy (D-Mass), told Reid he lacks a substantial background of experience to qualify him as ambassador to Israel and that his knowledge of foreign affairs was about what was available to readers of the Herald Tribune.

Also, Kennedy said, under Reid's direction the newspaper's editorial page was quite intemperate on labor legislation.

Kennedy Impressed

But Kennedy also said the committee would have to judge Reid on the way he answered questions, adding:

"It seems to me you've done a creditable job."

Reid assured the committee he had no intention to use the ambassadorship as a springboard for becoming mayor of New York City.

Bottle Clubs Bill Is Given 2nd Chance

The Legislature voted 28-13 Tuesday to reconsider earlier action by which it killed a bill to provide for the licensing of "bottle clubs" and other non-profit organizations which serve or allow liquor to be consumed on the premises.

The measure, LB23, had failed of final passage May 14 on a 20-21 vote.

Sen. John Munnelly of Omaha authored the motion to reconsider. Approval of the motion restored the bill to the "final reading" stage in the legislative process.

On the motion of Sen. Kenneth Bowen of Red Cloud, approved 22-16, a new final vote on the bill was deferred until Monday.

Sen. Terry Carpenter of Scottsbluff, chief introducer of LB23, had contended many bottle clubs, country clubs and such places are operating in violation of the law. He said the bill was intended to legalize and regulate their operations, and promised he would ask a State Liquor Commission crackdown on any illegal operations if the bill were not passed.

Sen. Munnelly argued that present laws covering these operations are vague, with the result that clubs in different parts of the state set up different rules of operation.

LB23 would establish ground rules and regulations "in plain and simple language," Munnelly said.

Cochran Tells South Platters He Favors North Interstate Route

By Don Walton

State Engineer Roy Cochran told a South Platte United Chambers of Commerce delegation Tuesday that he continues to favor routing of the Interstate Highway north of the Platte River.

The delegation presented testimony requesting consideration of a route south of the Platte from Grand Island to North Platte.

Cochran said after the meeting that the delegation had presented "nothing new" in the way of evidence.

The State Department of Roads has recommended the northern route. It has also been approved by the Federal Bureau of Public Roads.

The Highway Advisory Commission is expected to go along with the northern route next Monday when it is scheduled to make a recommendation.

At least two members of the 7-man body, however, are expected to favor a southern route.

Final decision on the matter, Cochran told the delegation, will be made by Gov. Ralph Brooks. The governor, however, is expected to endorse the decision of his state engineer.

Omaha 'Fixed'

In other Interstate developments Tuesday, Cochran told The Star that the route through downtown Omaha remains "fixed" despite continued opposition from some Omaha property owners.

"There is no question on the Omaha routing," Cochran pointed out.

Brooks has previously announced his decision to stick with the downtown route chosen before he took office.

In another development, Cochran said that Iowa State Engineer John Butter will meet with him in Lincoln within two weeks to further discuss joint plans to construct an Interstate Highway Bridge spanning the Missouri River at Omaha.

Nebraska is presently studying a possible bridge site, Cochran said. It is understood to be near the present Ak-Sar-Ben span.

The South Platte delegation —some 50 strong—met with Cochran, Administrative Assistant Robert Conrad, and two members of the Department of Roads engineering staff.

Planning Engineer John Hossack said that because of a bend in the Platte River, the proposed southern route would be 3 miles longer than the north route.

Orleans banker Tom Waldo said the SPUCC was primarily interested in the southern route because it would be less expensive to build.

Cochran replied that the Department believes the northern route will be less expensive.

Hossack said deciding factor between the two routes was the conclusion that the north route would provide a much greater benefit ratio to the traveling public.

Earth Mover And Train Hit; 1 Dead

Casper, Wyo. (AP)—Two diesel engines and 11 freight cars were derailed when a Chicago and Northwestern train struck a 40-ton earth-moving machine.

James Chester Iiams about 25, driver of the earth moving machine, was killed.

The trainmen escaped injury.

Art Frederickson, engineer of the 47-car twin diesel freight train, said the train was just pulling out of the Casper freight yards, eastbound, when it struck the machinery.

Bartlett Bank Is Declared Insolvent

State Banking Director Edwin Van Horne said Tuesday he issued an order declaring the Bartlett State Bank involvent.

The state seized the bank last Wednesday and closed it after state bank examiners discovered discrepancies.

Van Horne estimated the shortages would exceed $100,000 but the exact amount is undeterminable at this time.

He said the amount of the shortages should be known within a few days.

The director said an inventory is now being taken at the bank and should be finished in a day or so.

He said also that examiners first will have to prove the accounts of all the depositors before the amount of the shortage can be determined accurately.

Arraigned

New York (UPI)—A tuberculosis patient was arraigned on charges of conducting a $50 a day bookmaking operation from his hospital bed by taking bets from other patients.

Police said that Robert McKinney, 27, had been running the bookmaking operation several months. His downfall came, they said, when a wife of a patient who lost reported his activities to police.
